**PART A - Program Elements/Section 2:  
The State of North Carolina EEO Policy**

**THE STATE OF NORTH CAROLINA EQUAL EMPLOYMENT OPPORTUNITY POLICY**

The State of North Carolina recognizes that an effective and efficient government requires the talents, skills and abilities of all qualified and available individuals, and seeks opportunities to promote diversity and inclusion at all occupational levels of the State government's workforce through equal employment opportunity (EEO) workforce planning initiatives. The State is committed to ensuring the administration and implementation of all human resources policies, practices and programs are fair and equitable without unlawful discrimination, harassment or retaliation on the basis **race, religion, color, national origin, ethnicity, sex, pregnancy, gender identity or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability**, except where age, sex, or physical requirements constitute bona fide occupational qualifications. State agencies, departments and universities shall be accountable for administering all aspects of employment, including hiring, dismissal, compensation, job assignment, classification, promotion, reduction-in-force, training, benefits and any other terms and conditions of employment in accordance with federal and State EEO laws.

See the Unlawful Workplace Harassment policy in Section 1 of the State Human Resources Manual for provisions related to preventing and responding to unlawful harassment, including sexual harassment, and retaliation.

**Coverage**

Individuals protected by provisions of this policy are:

1. Current employees;
2. Former employees; and
3. Job applicants.

**Veterans**

Job discrimination of veterans shall be prohibited, and affirmative action shall be undertaken to employ and advance in employment eligible veterans in accordance with G.S. 127-b(10) and G.S. 128-15.

See the Veteran's Preference policy in Section 2 of the State Human Resources Manual for provisions related to veteran's preference including the employment and advancement of protected veterans.

### **Office of State Human Resources Responsibilities**

The Office of State Human Resources (OSHR) shall:

1. establish the EEO Plan Requirements and Program Guidelines in accordance with federal and state laws to be followed by all agencies, departments and universities, to ensure commitment to and accountability for equal employment opportunity throughout State government;
2. review, approve and monitor all EEO plans and updates;
3. provide services of EEO technical assistance, training, oversight, monitoring, evaluation, support programs, and reporting to ensure that State government's workforce is diverse at all occupational levels;
4. develop and promote EEO programs and best practices to encourage consistent and fair treatment of all State employees;
5. meet with agency heads, department heads, and university chancellors, Human Resources Directors and EEO Directors/Officers annually to discuss the progress made toward reaching program goals.

### **Agency, Department and University Responsibilities:**

Each Agency Head, Department Head and University Chancellor shall:

1. adhere to the policies and programs that have been adopted by the State Human Resources Commission and approved by the Governor;
2. ensure the agency, department or university's commitment to EEO is clearly communicated to all employees;
3. ensure that Human Resources policies and employment practices are implemented consistently and fairly;
4. designate an EEO Officer/Director who has access to the agency head, department head or university chancellor to be responsible for the operation and implementation of the EEO Plan;
5. provide the necessary resources to ensure the successful implementation of the EEO Program;
6. ensure each manager and supervisor has, as a part of their performance plan, the responsibility to comply with EEO laws and policies, and assist in achieving EEO goals established by the agency, department or university;
7. ensure the EEO Plan is designed in accordance with the EEO Plan Requirements and Program Guidelines as specified by the Office of State Human Resources;
8. ensure the EEO Plan is submitted by March 1st of each year to the Office of State Human Resources for review and approval as required by G.S. 126-19;
9. ensure all employees are made aware of the EEO policy including the Unlawful Workplace Harassment Policy found in Section 1 of the State Human Resources Manual;
10. develop strategies to prevent unlawful workplace harassment and retaliation in the workplace;

11. ensure required employee notices describing Federal laws prohibiting job discrimination are posted in work locations where notices to applicants and employees are customarily posted and easily accessible to applicants and employees with disabilities;
12. maintain records of all complaints and grievances alleging discriminatory practices; and
13. ensure all newly hired, promoted, or appointed supervisors and managers complete required EEO training in accordance with G.S. 126-16.1.

See the Equal Employment Opportunity and Diversity Fundamentals (EEODF) policy located in Section 1 of the State Human Resources Manual for information related to EEO training.

### **Complaint Process**

An individual covered by this policy who is alleging unlawful discrimination may file a complaint following the process outlined in the UNC System SHRA Employee Grievance Policy. This policy is designed to provide a consistent process for the timely, defensible, fair, and orderly resolution of disputes arising out of employment. For the purpose of this policy, political affiliation is not a protected classification under federal EEO law but may be grieved pursuant to N.C. Gen. Stat. § 126-34.02 as a contested case after completion of the agency grievance procedure and the Office of State Human Resources review.

### **Title IX of the Education Amendments of 1972**

Under Title IX of the Education Amendments of 1972, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

On May 6, 2020, the U.S. Department of Education released new regulations governing campus sexual assault under Title IX, the federal law that prohibits discrimination on the basis of sex in K-12 and higher education. These regulations went into effect August 14, 2020. The regulations represent significant changes for how universities adjudicate claims of sexual misconduct.

In accordance with the 2020 Title IX regulations provided by the U.S. Department of Education, NC State University established a policy and procedure to address Title IX Sexual Harassment (NCSU POL 04.25.07 - Title IX Sexual Harassment Policy<sup>1</sup> and NCSU REG 04.25.08 - Title IX Sexual Harassment Resolution Procedures<sup>2</sup>).

## **Definitions<sup>3,4</sup>**

Age Discrimination– Age discrimination involves treating someone (an applicant or employee) less favorably because of age. The Age Discrimination in Employment Act (ADEA) of 1967 only forbids discrimination against people who are age 40 or older. It does not protect workers under the age of 40, although some states do have laws that protect younger workers from age discrimination. It is not illegal for an employer or other covered entity to favor an older worker over a younger one, even if both workers are age 40 or older.

Bona Fide Occupational Qualification (BFOQ) – A BFOQ is any requirement which is job-related and necessary for the performance of the job. Age, sex or physical requirements may be considered if they constitute a BFOQ necessary for job performance in the normal operations of the agency. Such standards must be reasonably necessary for the specific work to be performed and must be uniformly and equally applied to all applicants for the particular job category. Whether such a requirement is a BFOQ will depend on the facts in each case. This exemption to the requirements will be construed very narrowly, and the agency, department or university will have the burden of proving the exemption is justified. To establish age, sex or physical requirements as a BFOQ, it will be necessary to submit a recommendation to the Office of State Human Resources, setting forth all facts and justification as to why the requirement should be considered as a reasonable employment factor in each of the classifications in question.

Disability Discrimination – The Americans with Disabilities Act of 1990 (ADA) and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA) prohibits discrimination on the basis of a disability. Disability discrimination occurs when an employer or other entity covered by the Americans with Disabilities Act, as amended, or the Rehabilitation Act, as amended, treats a qualified individual with a disability who is an employee or applicant unfavorably because of a disability. Disability discrimination also occurs when a covered employer or other entity treats an applicant or employee less favorably because of someone having a history of a disability (such as cancer that is controlled or in remission) or because someone is believed to have a physical or mental impairment that is not transitory lasting or expected to last six months or less and minor, even if someone does not have such an impairment.

Refer to the Reasonable Accommodation policy in Section 1 of the State Human Resources Manual for information on how to request and process requests for accommodations for covered individuals with disabilities.

Genetic Information Discrimination - Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA), which prohibits genetic information discrimination in employment, took effect on November 21, 2009. Under Title II of GINA, it is illegal to discriminate against employees or applicants because of genetic information. Title II of GINA prohibits the use of genetic information in making employment decisions, restricts employers and other entities covered by Title II (employment agencies, labor organizations and joint labor-management training and

apprenticeship programs - referred to as "covered entities") from requesting, requiring or purchasing genetic information, and strictly limits the disclosure of genetic information.

Genetic information is:

- an individual's genetic tests (including genetic tests done as part of a research study);
- genetic tests of the individual's family members (defined as dependents and up to and including 4th degree relatives);
- genetic tests of any fetus of an individual or family member who is a pregnant woman, and genetic tests of any embryo legally held by an individual or family member utilizing assisted reproductive technology;
- the manifestation of a disease or disorder in family members (family history); and
- any request for, or receipt of, genetic services or participation in clinical research that includes genetic services (genetic testing, counseling, or education) by an individual or family member.

National Origin Discrimination – Title VII of the Civil Rights Act of 1964 prohibits national origin discrimination which involves treating applicants or employees unfavorably because they are from a particular country or part of the world, because of ethnicity or accent, or because they appear to be of a certain ethnic background (even if they are not). National origin discrimination also can involve treating people unfavorably because they are married to (or associated with) a person of a certain national origin or because of their connection with an ethnic organization or group. Discrimination can occur when the victim and the person who inflicted the discrimination are the same national origin.

Pregnancy Discrimination – The Pregnancy Discrimination Act of 1978 prohibits unfavorable treatment of covered individuals who are pregnant or affected by pregnancy-related conditions. They must be treated in the same manner as other applicants or employees with similar abilities or limitations.

Race or Color Discrimination – Title VII of the Civil Rights Act of 1964 forbids unfavorable treatment of covered individuals because they are of a certain race or because of their skin complexion. Race discrimination involves treating someone (an applicant or employee) unfavorably because he/she is of a certain race or because of personal characteristics associated with race (such as hair texture, skin color, or certain facial features). Color discrimination involves treating someone unfavorably because of skin color complexion. Race or color discrimination also can involve treating someone unfavorably because the person is married to (or associated with) a person of a certain race or color or because of a person's connection with a race-based organization or group, or an organization or group that is generally associated with people of a certain color. Discrimination can occur when the victim and the person who inflicted the discrimination are the same race or color.

Religious Discrimination – Title VII of the Civil Rights Act of 1964 forbids unfavorable treatment of covered individuals because of their religious belief(s). Religious discrimination involves treating a person (an applicant or employee) unfavorably because of his or her religious beliefs.

The law protects not only people who belong to traditional, organized religions, such as Buddhism, Christianity, Hinduism, Islam, and Judaism, but also others who have sincerely held religious, ethical or moral beliefs. Religious discrimination can also involve treating someone differently because that person is married to (or associated with) an individual of a particular religion or because of their connection with a religious organization or group.

Sex-Based Discrimination – Title VII of the Civil Rights Act of 1964 forbids unfavorable treatment of covered individuals because of that individual's sex. In addition, the law protects an individual because of their connection with an organization or group that is generally associated with people of a certain sex. The Equal Pay Act of 1963, as amended, prohibits sex discrimination in the payment of wages to those performing substantially equal work, in jobs that require equal skill, effort, and responsibility, under similar working conditions, in the same establishment.

Unlawful Workplace Harassment - Unlawful Workplace Harassment is unwelcome or unsolicited speech or conduct based upon race, sex, creed, religion, national origin, age (40 or older), color, or handicapping condition as defined by G.S. 168A-3 that creates a hostile work environment or circumstances involving quid pro quo.

## **PART A - Program Elements/Section 3: University Overview, Purpose and Mission**

North Carolina State University (NC State) was established under the auspices of the federal Morrill Act of 1862. The Morrill Act allowed the U.S. government to transfer ownership of federally-owned tracts of land to the states so that they could be sold and the profits used for the purpose of establishing colleges that would teach “agriculture and the mechanical arts.” NC State was founded in 1887 as the North Carolina College of Agriculture and Mechanic Arts. The brand-new school held its first classes in the fall of 1889 with 72 students, six faculty members and one building.

As a land grant institution, NC State exists to meet the needs of the people of North Carolina for a “liberal and practical education in the several pursuits and professions in life” and to make contributions to the economic development of the state of North Carolina. The university celebrated its 100th anniversary in 1987, which also saw the creation of Centennial Campus, bringing together university and corporate leaders to partner in teaching, research and economic development.

NC State has developed into a vital educational and economic resource. NC State creates prosperity for North Carolina and the nation through an innovative community of faculty, staff and students. Our land-grant roots help us thrive in agriculture and engineering, and have grown us into a pre-eminent research enterprise that excels across disciplines.

More than 35,000 undergraduate and graduate students learn by doing — pursuing original research, starting new companies, and serving their communities. Our 9,000 faculty and staff are world leaders in their fields, bridging the divides between academic disciplines and training high-caliber students to meet tomorrow’s challenges. Together, they forge powerful partnerships with government, industry, nonprofits and academia to remake our world for the better.

NC State adds \$6.5 billion to the statewide economy each year. Among some of NC State’s recognition as a top tier research institution is that the University is ranked among the nation’s best values for universities by U.S. & World Report; in the top 1% of universities worldwide according to Center for World University Rankings; and in the top ten military-friendly schools according to Military Friendly.

A wealth of university outreach and extension programs continues to provide services and education to all sectors of the state’s economy and its citizens. Consistently ranked a best value among the nation’s public universities,<sup>5</sup> NC State, the state’s largest university, is an active, vital part of North Carolina life.

Today, NC State continues to follow its original mission: opening the doors of higher education to the citizens of North Carolina and providing teaching, research, and extension that strengthen the state and its economy. Detailed organizational charts for the institution can be viewed at: <https://isa.ncsu.edu/facts-comparisons/fast-facts/university-organization/>.

**University Mission Statement**

As a research-extensive land-grant university, NC State University is dedicated to excellent teaching, the creation and application of knowledge, and engagement with public and private partners. By uniting our strength in science and technology with a commitment to excellence in a comprehensive range of disciplines, NC State promotes an integrated approach to problem solving that transforms lives and provides leadership for social, economic, and technological development across North Carolina and around the world.

<https://isa.ncsu.edu/facts-comparisons/fast-facts/>

**University Vision Statement**

As a preeminent public research university, NC State University will be increasingly recognized nationally and internationally for its innovation in education, research, scholarship and engagement that solves the world's most critical challenges. NC State will be known as a diverse, equitable and inclusive community that has a transformative impact on society and advances the greater good.

## **PART A - Program Elements/Section 4: EEO Achievements**

It is the policy of the State of North Carolina to provide equal opportunity in employment and compensation for all qualified persons and to prohibit discrimination because of race, color, religion, national origin, sex, age, disability, or genetic information (N.C. Gen. Stat. § 126-16). NC State University is an equal opportunity employer.

In keeping with the Equal Employment Opportunity Policy, NC State is committed to recruiting, hiring, training, compensating, and promoting the most qualified persons without regard to race, color, religion, national origin, ethnicity, sex, pregnancy, gender identification or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability. Similarly, all other personnel matters such as compensation, benefits, transfers, layoffs, tuition assistance, and EEO related training and education have been administered in accordance with University policy. All employment decisions have been based on job related standards and comply with equal employment opportunity and affirmative action principles.

NC State is committed to maintaining a workplace that is free from all forms of unlawful harassment, discrimination and retaliation. As part of this commitment, the University through its Office for Institutional Equity and Diversity (OIED) updated its Discrimination, Harassment Prevention & Response online training module to include legal updates and additional Title IX information. New employees receive a compressed version of the Discrimination and Harassment, Prevention and Response (DHPR) training at new employee orientation and are credited for meeting the 3-year NC State University policy requirement.

OIED designs workshops and training programs to identify, prevent, and eliminate biases that lead to discriminatory and harassing conduct, as well as consults on issues of equal opportunity and access throughout the campus community. OIED builds relationships with university partners with the aim to broaden the principles of equal opportunity, equity, and diversity to ensure a campus climate that is discrimination and harassment free, welcoming and inclusive.

We are proud of our extensive training and prevention efforts. For the plan year of October 1, 2022, through September 30, 2023, we provided the following:

- Total Search Committee training participants: 1755
- Total DHPR Participants in person and online: 1940
- Total Fundamentals of Equal Opportunity participants: 653
- Total Applied Skills of Equal Opportunity participants: 67
- Total Number of Participants Trained: 4415
- Total number of sessions offered of Equal Employment Opportunity and Diversity Fundamentals (EEODF): 6 sessions

At no additional expense to our departments (because UHR pays for it each year), we offer advertising in the following resources based on formal agreements with each job board:

- InsideHigherEd.com
- HigherEdJobs.com
- Circa (formerly known as LocalJobNetwork.com)
- LinkedIn, to a limited extent offering 10 job listings at a time

These job boards, especially [Circa](https://circaworks.com/job-search/) (<https://circaworks.com/job-search/>), may distribute the jobs further to other niche job boards. Circa, in particular, focuses on OFCCP compliance, ESDS postings, and diversity outreach, so they connect with a wide variety of job boards that increase exposure of our jobs to diverse populations. My understanding is that those "other" job boards change regularly (with new boards added all of the time), but a few listed on their website include the following:

- DiversityJobs
- African American Hires
- Latino Jobs
- Asianhires.com
- ALLGBTJOBS.com
- NativeJobs
- Over Fifty Jobs
- VeteranJobs.net
- WeHireWomen.com
- DisabilityJobs.net
- All Hispanic Jobs
- All Bilingual Jobs
- BlackCareers.org

We have also found that many third-party sites such as LinkedIn and Indeed.com "scrape" our job posting site and frequently post our jobs to their audiences as well. In addition, we facilitate advertising to other jobs websites on an ad hoc basis (as requested by the department), but it's not currently possible to collect information regarding each department's advertising efforts. We switched advertising partners in recent years, and the advertising agency we work with on external advertisements, Job Elephant, routinely offers recommendations on job websites that can help to provide additional diverse outreach for our job postings. These recommendations are provided to the departments as additional options to consider advertising, and often provide access to additional advertising avenues that would have been otherwise unknown to the department.

In addition to the job boards, OIED has created and maintained diverse recruitment resources in collaboration with Unit Equity Officers/HR Leads.

Outside of advertising efforts, NC State invested in building relationships with local veterans groups including NC STRIVE, WholeVet, DAV RecruitMilitary Career Fair, NC State's Military and Veteran Services, and the local National Guard Employment Office. We now have regular conversations with these organizations and partner with them in promoting NC State jobs to their veteran communities.

Additionally, NC State's Military and Veteran Services attended and/or hosted the following recruiting events:

- Career Focus Series: Teach for America (October 5, 2022)
- Lunch and Learn: ARA (October 6, 2022)
- Career Focus Series: Google (October 18, 2022)
- Career Focus Lunch and Learn: Interview Workshop (October 20, 2022)
- Veterans Bridge Home Networking Event (October 26, 2022)
- Career Focus Series: Amazon (November 10, 2022)
- Vets to Drones (November 14, 2022)
- Career Focus Series: HCL (November 16, 2022)
- Career Focus Series: Deloitte (February 7, 2023)

- VBH Graduate Networking Event (March 2, 2023)
- ARA Workshop (March 7, 2023)
- Google Workshop (March 8, 2023)
- Trusted Operator Program Drone Training Lunch (March 9, 2023)
- Cary Veterans Experience Action Center (March 23-25, 2023)
- Camp Lejeune Education Fair (March 30, 2023)
- Deloitte Workshop (April 4, 2023)
- Interview Workshop (April 11, 2023)
- WholeVet Career Transition Day (April 21, 2023)
- WholeVet Military Career Transition Day (August 25, 2023)

NC State continues to implement the voluntary disclosure form regarding veteran and disability status into the employee's MyPack Portal which directs employees to update their university information. Completing the voluntary disclosure form does not negatively impact employees in any way, regardless of how they may have self-identified in the past.

NC State continues to create an inclusive environment for veterans as well. NC State was named as one of Military Times Best Colleges, as a Military Friendly Spouse School, and Military Friendly's Top 10 Schools.

Unit Equity Officers were asked to attend core classes either within the Inclusive Excellence (IE) certificate program or enroll in educational opportunities provided by OIED through NC State's online training management platform, REPORTER. Following participation in these educational activities, the Unit Equity Officers collaborated on additional practices that could help address elements of recruitment and retention of diverse staff. Each year the Unit Equity Officers receive the University EEO Plan and update the EEO Plan Goals for their respective units.

NC State is proud of the continual participation and implementation of the Paid Parental Leave program. The university worked collaboratively between the OIED and University Human Resources (UHR) to review special circumstance or accommodation requests from employees and students related to accommodations or adjustments due to disability, religion, or pregnancy.

NC State University has included in our current strategic plan a goal to “Champion a culture of equity, diversity, inclusion, belonging and well-being in all we do.” This is one of seven top priorities for NC State for the period between now and 2030.

See <https://strategicplan.ncsu.edu/current-plan/>

OIED’s Inclusive Excellence and Strategic Practice unit (IESP) offers a variety of programs and initiatives designed to promote inclusive excellence through the voluntary involvement of faculty, staff, and students. These include the Inclusive Excellence (IE) and Strategic Practice (SP) certificates, the Credential certificate, the Intercultural Development Inventory, and the Building Future Faculty and Faculty Fellows programs. The following identify the number of participants for each program:

- Inclusive Excellence certificate: 269
- Strategic Practice Certificate: 79
- The Credential: 4
- Intercultural Development Inventory: 14
- Building Future Faculty: 19 departments with 26 participants

NC State is one of three universities named as charter members of the American Association for the Advancement of Science’s SEA Change initiative. SEA Change, short for “STEM Equity Achievement,” entails a thorough examination of campus culture, policies and procedures as they relate to inclusion (or exclusion) and the setting of goals for dismantling barriers for marginalized groups, all from the perspectives of the disciplines of science, technology, engineering, mathematics and medicine. NC State has created a diverse team to review the university’s processes and data and has applied for the SEA Change Bronze Award.

## **PART A - Program Elements/Section 5: Assignment of Responsibility and Accountability**

### **Chancellor**

The leadership of NC State is committed to the annual review of the university's workforce to assess the state of affirmative hiring and retention practices. NC State values diversity among its students, faculty, and staff and is consistently ranked by both national and international organizations due to the value and quality of education.<sup>6</sup> In alignment with the university's strategic plan to "Champion a culture of equity, diversity, inclusion, belonging, and well-being in all we do," this EEO Plan reflects the progress and identified areas of improvement needed to reach underutilized populations in our workforce as we continue to strive to make the NC State community a welcoming, diverse and inclusive environment. As a preeminent public research university, NC State University will be increasingly recognized nationally and internationally for its innovation in education, research, scholarship and engagement that solves the world's most critical challenges. NC State will be known as a diverse, equitable and inclusive community that has a transformative impact on society and advances the greater good. NC State affirms the core values of a) excellence, b) inclusion, c) integrity, d) sustainability, e) community, f) freedom, and g) collaboration that direct our actions and align our decision-making with the best interests of the NC State and global community.

EEO responsibilities of the Chancellor at NC State include but are not limited to the following:

1. Adhere to the policies and programs that have been adopted by the State Human Resources Commission and approved by the Governor;
2. Designate a management-level official responsible to oversee the EEO program;
3. Ensure each manager and supervisor has, as a part of their performance plan, the responsibility to comply with EEO laws and policies, and assist in achieving EEO goals established by the agency, department or university;
4. Communicate the university's commitment to EEO to all employees, applicants and the general public;
5. Provide necessary resources to ensure the successful implementation of the EEO program;
6. Ensure the development and implementation of HR policies, procedures, and programs necessary to achieve a diverse workforce in each occupational category, and
7. Take measures to ensure the work environment is consistent with the intent of this policy and supports equal opportunity.

The Committee serves to provide insight and feedback to the OIED in its efforts to eliminate any artificial barriers that may exist for qualified individuals seeking employment or promotional opportunities at NC State.

The committee meets several times a year and is tasked with (1) providing recommendations regarding policies, procedures and programs of the university as they relate to equal opportunity areas, (2) advising the Vice Provost for Institutional Equity and Diversity on administrative measures to improve the university's performance in these areas, and (3) creating awareness of equal opportunity issues by serving as a vital communication link to the campus community.

## **Outreach, Positive Recruitment, and External Dissemination of Policy for Members of the National Guard and qualified Veterans**

It shall be the policy of NC State to undertake appropriate outreach and positive recruitment activities such as those listed in the following paragraphs of this section that are reasonably designed to effectively recruit qualified special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans. The scope of the University's efforts shall depend upon all the circumstances, including its size and resources and the extent to which existing employment practices are adequate.

- NC State will enlist the assistance and support of the following organizations in recruiting members of the National Guard and qualified special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans of the Armed Services, to fulfill its commitment to provide meaningful employment opportunities to such persons:
  - The Local Veterans' Employment Representative or his or her designee in the local employment service office nearest the University's physical location;
  - The Department of Veterans Affairs Regional Office nearest the University's physical location establishment;
  - The veterans' counselors and coordinators ("Vet-Reps") on the University's campus;
  - The service officers of the national veterans' groups active in the area; and
  - Local veterans' groups and veterans' service centers nearest the University's physical location.
  - Recruitment events such as job fairs and employer forums as resources and availability permits.
  
- The University's employee recruitment activities will incorporate efforts to reach students who are members of the National Guard, special disabled veterans, veterans of the Vietnam era, recently separated veterans, or other protected veterans of the Armed Services. In addition, efforts will be made to participate in work-study programs with the Department of Veterans Affairs' rehabilitation facilities that specialize in training or educating disabled veterans.
  
- The University's Jeffrey Wright Military and Veterans Services is a centralized resource to coordinate integrated support to military affiliated students. The primary objective is to ensure that veterans and military affiliated students have a sense of belonging at NC State. The center helps student veterans and their families with knowledge and skills necessary to achieve their professional and personal goals. NC State is continually recognized as one of Military Times Best Colleges, as a Military Friendly Spouse School, and Military Friendly's Top 10 Schools<sup>7</sup>.

---

<sup>7</sup> <https://veterans.ncsu.edu>

- Modeled on the “Safe Zone” program for effective LGBTQ+ awareness and ally training, “Green Zone” training is designed for faculty and staff to receive training to increase awareness about issues potentially facing active service members, student veterans and their families.
- The University will establish meaningful contacts with appropriate veterans’ service organizations which serve special disabled veterans, veterans of the Vietnam era, recently separated veterans, or other protected veterans for such purposes as advice, technical assistance, and referral of potential employees. Technical assistance from the resources described in this paragraph may consist of advice on proper placement, recruitment, training and accommodations the University may undertake; but no such resource providing technical assistance shall have the authority to approve or disapprove the acceptability of the university’s affirmative action programs.
- Members of the National Guard and special disabled veterans, veterans of the Vietnam era, and other protected veterans employed by the University will be allowed to participate in career days, youth motivation programs, and related activities in their communities, if they desire to do so.
- The University will send written notification of its policy governing members of the National Guard and special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans of the Armed Services to all subcontractors, vendors and suppliers, requesting appropriate action on their part.
- The University will take positive steps to attract qualified members of the National Guard and special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans of the Armed Services not currently in the workforce who have requisite skills and can be recruited through affirmative action measures. These persons may be located through the local chapters of organizations of and for this population.
- In making hiring decisions, the University will consider applicants who are known members of the National Guard, special disabled veterans, veterans of the Vietnam era, recently separated veterans, or other protected veterans of the Armed Services for open positions for which they apply.

#### **Internal Dissemination of Policy for members of the National Guard and Veterans**

In order to encourage employee cooperation and participation in the effort to engage in affirmative action efforts to employ and advance in employment qualified members of the National Guard, special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans of the Armed Services, the University will develop internal procedures such as those listed in the following paragraph.

It is not contemplated that the University will necessarily undertake all the activities listed in this section or that its activities will be limited to those listed. These procedures shall be designed to

foster understanding, acceptance and support among the University's executive, managerial, supervisory and other employees and to encourage such persons to take the necessary actions to aid the university in meeting this obligation. The scope of the University's efforts will depend upon all the circumstances, including its contractor's size and resources and the extent to which existing practices are adequate.

The University will implement and disseminate this policy internally as follows:

- Include it in the University EEO/Affirmative Action policy;
- Inform employees and prospective employees of its commitment to engage in affirmative action to increase employment opportunities for qualified special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans;
- Publicize it in the University's internal communications, annual report, and other relevant media;
- Inform executive, management, and supervisory personnel to explain the intent of the policy and individual responsibility for effective implementation, making clear the chief executive officer's expectations;
- Discuss the policy thoroughly in relevant management training programs;
- Include articles on accomplishments of special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans in University publications when appropriate; and
- Include special disabled veterans when employees are featured in various media or other University publications intended for employee readership.

## **Outreach, Positive Recruitment and External Dissemination of Policy for Persons with Disabilities**

NC State has reviewed its employment practices to determine whether its personnel programs are designed to effectively recruit and advance in employment qualified individuals with disabilities. While the university believes there are no deficiencies in its current employment practices with respect to applicants and employees with disabilities, it engages in outreach, positive recruitment, and external dissemination programs to augment its existing affirmative efforts. For example, the university sends written notification of its affirmative action policy to all subcontractors, including subcontracting vendors and suppliers, and requests appropriate action on their part. In addition, the university engages in or has made plans to implement the following activities:

- Executives, management officials, supervisors, and other employees of the university are encouraged to assist in the effort to disseminate NC State's policy of affirmative action to appropriate individuals outside of the university.
- The university will inform recruiting sources of NC State's policy of affirmative action for individuals with disabilities. Recruiting sources will be requested to actively recruit and refer qualified individuals with disabilities for all positions.
- The university makes the Equal Employment Opportunity Clause part of all covered contracts and purchase orders.

The university will identify local organizations and/or community agencies known to specialize in placing and/or developing training programs for individuals with disabilities and send them notices of vacant positions. Examples of these outreach efforts include contacting the following:

- State Vocational Rehabilitation Service agencies, mental health agencies, and/or developmental disabilities agencies in the states covered by this plan.
- Employment One-Stop Career Centers in the states covered by this plan.
- Private recruitment sources, such as professional organizations or employment placement services that specialize in placement of individuals with disabilities
- When appropriate, the university will invite community service and other outreach partners to tour the offices and discuss our university, job recruitment needs, selection process, and other details related to recruitment and placement. In the event a partner is unable to schedule an on-site meeting, the university will suggest a telephone meeting, so they can better identify qualified individuals for our positions.
- When appropriate, NC State will include disabled individuals when employees are pictured in consumer and personnel recruitment advertising.
- NC State makes reasonable accommodations for qualified individuals with disabilities.
- NC State advertisements or solicitations for prospective employees indicate that the university is an equal opportunity employer.

## **Internal Dissemination of Policy for Individuals with Disabilities**

The university recognizes that, no matter how strong its outreach program, internal support from supervisory management and other employees is necessary to ensure maximum effectiveness of its EEO plan for persons with disabilities. So that these employees' awareness of the needs of persons with a disability can be increased and likewise employee participation in the program increased, the University will utilize the following procedures to maximize the internal

implementation and dissemination of its Equal Employment Opportunity, Non-Discrimination and Affirmative Action Policy:

- NC State's policy on equal employment opportunity and affirmative action for individuals with disabilities is posted on bulletin boards in various locations throughout campus where employees can see them. The posting includes a statement that employees and applicants are protected from coercion, intimidation, and interference or discrimination for filing a complaint or assisting in an investigation under the Rehabilitation Act of 1973, as amended.
- The university posts a copy of the policy on its policies, regulations and rules webpage, along with other employment policies, and otherwise ensures all its personnel have a copy of or the ability to view the policy.
- The university's electronic applicant process includes information about the university's commitment to equal opportunity and affirmative action.
- The university will communicate to employees its obligation to take affirmative action to employ qualified individuals with disabilities and will encourage employee referral of covered applicants.
- Meetings with executive management and supervisory personnel will be conducted at least annually to explain the university's policy of affirmative action, to make clear the university's support for the policy, and to impart to these personnel their responsibility in making the AAP a success.
- NC State has implemented the U.S. Office of Management and Budget's revised voluntary self-identification disability form through the university employee's MyPack Portal to allow the employee to update their information and voluntarily disclose a disability. Completing the voluntary disclosure form will not negatively impact employees in any way, regardless of how they may have self-identified in the past.
- When applicable, NC State publicizes the policy in university publications.
- The policy is discussed in both new employee orientation and management training programs.
- When applicable, university publications include articles on accomplishments of all employees, including individuals with disabilities.

## **PART A - Program Elements/Section 7: Recruitment**

### **Recruitment for SHRA Employees**

University Human Resources (UHR) has administrative responsibility for overseeing the processes for employee recruitment and hiring. Additionally, UHR oversees the transfer, promotion, reassignment, demotion, and reduction-in-force procedures for SHRA employees. In cooperation with campus HR leads, UHR has developed and implemented sufficient control to ensure that personnel actions are consistent with the equal employment opportunity policy and affirmative action commitments. UHR reviews and endorses all hiring actions for SHRA employees.

### **Advertising**

To ensure compliance with state and federal laws, the Talent Acquisition and Employment department in UHR approves and coordinates the placement of job postings/advertisements and the screening of applicants.

Talent Acquisition coordinates advertisement copy, publications, and publication dates with the hiring department. Media sources include electronic and print newspapers, occupation-specific publications, professional journals, professional association newsletters, internet sites, and electronic job boards, including the State of North Carolina, the UNC System, and NC State's webpage.

### **Recruitment Activities**

Recruitment for SHRA positions includes, but is not limited to, the following activities:

- Contacts with minority-serving and women's colleges and universities;
- Technical school and community college recruitment;
- Participating in career/job fairs;
- Regular contacts with community organizations supporting minorities, women, veterans, and persons with disabilities;
- Sharing of job openings with the State Division of Employment Security (DES);
- Sharing of job openings through professional and trade networks and associations;
- Having job opening information available in the UHR physical office;
- At no additional expense to our departments (because UHR pays for it each year), we offer advertising in the following resources based on formal agreements with each job board:
  - InsideHigherEd.com
  - HigherEdJobs.com
  - Circa (formerly known as LocalJobNetwork.com)
  - LinkedIn, to a limited extent offering 10 job listings at a time

These job boards, especially [Circa](https://circaworks.com/job-search/) (<https://circaworks.com/job-search/>), may distribute the jobs further to other niche job boards. Circa, in particular, focuses on OFCCP

compliance, ESDS postings, and diversity outreach, so they connect with a wide variety of job boards that increase exposure of our jobs to diverse populations. My understanding is that those "other" job boards change regularly (with new boards added all of the time), but a few listed on their website include the following:

- DiversityJobs
- African American Hires
- Latino Jobs
- Asianhires.com
- AILLGBTJOBS.com
- NativeJobs
- Over Fifty Jobs
- VeteranJobs.net
- WeHireWomen.com
- DisabilityJobs.net
- All Hispanic Jobs
- All Bilingual Jobs
- BlackCareers.org

Outside of advertising efforts, NC State invested in building relationships with local veterans groups including NC STRIVE, WholeVet, DAV RecruitMilitary Career Fair, NC State's Military and Veteran Services, and the local National Guard Employment Office. We now have regular conversations with these organizations and partner with them in promoting NC State jobs to their veteran communities.

OIED also maintains on their website a list of diversity recruitment resources which are identified by college and identities to assist units in conducting additional outreach.

### **Listing Vacant Positions**

Departments create and submit an online vacancy notice to Talent Acquisition to recruit for all university vacancies. Upon receiving the notice, an HR Consultant advises the hiring official on recruitment, screening, and selection activities and posts the position. For all positions, vacancies must remain open at least five (5) workdays after being posted.

Some vacancies are initially available only to current NC State SHRA employees and are posted as "Internal Candidates Only." Positions targeted to meet affirmative action goals must be posted externally.

### **Waiver of SHRA Job Posting**

A waiver of posting may be requested only

- to avoid a reduction-in-force;
- to effect a disciplinary transfer or demotion;
- to fill a position required by a legally binding settlement agreement;
- to transfer an employee to avoid the threat of bodily harm;
- to prevent a critical work stoppage or to protect public health, safety, or security;

- to fill a critical position due to the widespread outbreak of a serious communicable disease; or
- to fill a position as a result of a redeployment arrangement.

### **Request for Waiver of SHRA Recruitment Procedures**

A Request to Waive a Posting for an SHRA position must receive approval from the Vice Provost for Institutional Equity and Diversity/University EEO Officer.

### **Application Process**

Individuals interested in permanent University employment must complete an online job application through the university's job applicant system, PeopleAdmin. Departments may not accept or consider employment applications or resumes other than those received through the PeopleAdmin system.

### **Screening and Referral of Applicants**

Applicants are considered for only those specific vacancies for which they specifically apply. Job postings may contain supplemental questions that applicants complete and self-identify which may automatically screen applicants for the position. Applicants are screened by hiring departments/search committees based on their education, experience, qualifications, skills, and competencies as they relate to job requirements and preferences.

### **Special Employment Considerations:**

#### **Priority Re-employment**

The State of North Carolina requires that two categories of individuals receive priority consideration for State employment or re-employment: (1) Employees scheduled for or already reduced-in-force; and (2) Employees separated from policy making/managerial exempt positions for reasons other than just cause.

#### **State Government Promotional Priority**

Career State Employees are eligible for priority consideration over non-State employee applicants with respect to promotional opportunities when the individuals possess substantially equal qualifications.

#### **Veterans' Preference**

Departments must give preference in employment and subsequent personnel actions to veterans' preference-eligible candidates. This applies to all United States citizens who served the United States honorably in the Army, Navy, Marine Corps, Nurses' Corps, Air Corps, Air Force or any of the armed services during periods of war, certain disabled veterans and their spouses, and certain surviving spouses and dependents of veterans. **Veterans represent 1.85% of NC State's workforce**, with about 44% of employees choosing not to identify a veteran status when given the opportunity to self-disclose this information upon hire.

### **Disabled On-the-Job Priority Re-employment**

When the treating physician releases to return to work employees who have been injured on the job and placed on workers' compensation leave, there may be several possible return-to-work situations. Re-employment is primarily based on the extent of the employee's medical improvement. If priority re-employment referrals are involved, the HR Consultant in collaboration with the University Leave Administrator advises the hiring department of their responsibilities.

### **Employment of Persons with Disabilities**

The University encourages employment of persons with disabilities who, with or without a reasonable accommodation in employment, can perform the essential functions of a particular job. **Individuals with disabilities represent 6.42% of NC State's workforce**, with more than 43% of employees choosing to not identify disability status upon hire. NC State will continue to emphasize the employment of persons with disabilities and support the Employment First policy of the State of North Carolina and provide notice to employees about voluntary disclosure of disability status within their personnel portal.

### **Age Limitations**

The University does not practice or condone age discrimination. Limitations are enforced only where specific age constitutes a bona fide occupational qualification. There is no maximum age for employment. Job specifications for individuals under age 18 are reviewed to ensure compliance with legal limits on the employment of minors. Law enforcement officers must be at least 20 years of age.

### **Employment Eligibility Verification**

Departments are required to verify identity and eligibility for employment of new employees. On or before the first day of work, all new employees must complete Section 1 of the I-9 Form. Within three (3) days of hire, hiring departments must review documentation and provide certification to HR via the online I-9 E-Verify process.

### **Persons Convicted of Criminal Offense**

The University conducts background checks on all new hires as well as current employees who change jobs or otherwise become subject to a background check per NCSU REG 05.55.08 - Background Checks. The University does not request information for a background check until an offer of employment is made.

A previous criminal conviction does not automatically disqualify an applicant from consideration for employment with the University. Candidate eligibility depends on a variety of factors, such as the nature of and circumstances surrounding any crime(s) for which a person had been arrested or convicted; the time elapsed since conviction and the rehabilitation record; the actions and activities of the individual since the crime(s), including the individual's subsequent work history; the truthfulness and completeness of the candidate's disclosure of the conviction(s), relevance to the position, and other information.

**Testing**

No pre-employment work tests (written, oral, physical, or skills) may be administered by the hiring department without prior approval from Talent Acquisition.

## PART A - Program Elements/Section 7: Selection Process

### Selection

The goal of the selection process is to find the best available person for the job—a person with the skills, knowledge, abilities, and competencies to successfully perform the position. Hiring departments determine which applicants will be interviewed. The hiring department maintains summaries of interviews in accordance with University records retention guidelines. Interview guidelines and workshops for managers are provided by OIED to facilitate proper interviewing procedures focused on reducing the impact of unconscious bias in the recruitment and selection process.

When interviewing has been completed and a final candidate identified, the department submits an online Hiring Proposal to their departmental/college Approver who, upon approval, submits it to their Unit Equity Officer. If approved, the Unit Equity Officer forwards the request to Talent Acquisition in HR. An HR Consultant reviews each request to assure that departments are in compliance with established recruitment and selection policies. For SHRA Hiring Proposals, endorsement by HR provides final approval of the selection, and an offer can be made.

HR exercises similar centralized responsibilities with respect to salaries for new hires, reinstatements, and transfers. HR follows established State of North Carolina pay policies and procedures for SHRA, including following the provisions outlined in **Executive Order #93: Prohibiting the Use of Salary History in the Hiring Process**, as issued by Governor Roy Cooper. This Executive Order prohibits state agencies from requesting salary history from applicants or relying on previously obtained prior salary information in determining an applicant's salary.

NC State's selection processes include:

1. Ensuring that job descriptions are reviewed in advance by both the Unit Equity Office and by Human Resources to establish job-related qualifications statements, selection criteria, training needs, and career ladders, or to initiate any other selection procedure;
2. Analyzing the flow of applicants through the selection and appointment processes, determining reasons for the rejection of qualified applicants from underutilized groups in areas where program objectives have been set or underrepresentation exists, or monitoring the employment of individuals to ensure the assignment of work and workplace is nondiscriminatory;
3. Human Resources is involved with requests and provides consultation for validation of written tests, interviews or other selection devices, and ensures, along with the hiring department, that such testing and interview processes are accessible to persons with disabilities;
4. Establishing sign-off procedure to ensure that the selection process in underrepresented occupations reflects established program objectives and timetables;

5. Providing search committee training through multiple formats including face-to-face and online asynchronous to all employees who screen applications and interview applicants for employment in proper techniques to reduce potential bias; and
6. Hiring departments are responsible for developing and implementing structured interview procedures that are documented and reviewed by the hiring official.

The Office for Institutional Equity and Diversity also provides a [Guidelines for Recruiting a Diverse Workforce](#) workbook for individuals engaged in the recruitment and selection processes.

## **PART A - Program Elements/Section 7: Onboarding**

The NC State Onboarding Center is committed to giving every new employee a positive first impression of NC State by providing them with the information and resources they need to be productive on their first day, first week, and first months of employment. The goal is to create a new hire experience that welcomes, acclimates, engages, and retains new hires as members of the NC State workforce community.

The Onboarding Center also coordinates the facilitation of new employee orientation in partnership with key stakeholders such as OIED. New employee orientation consists of many components to include review of the university mission and vision, and efforts related to diversity, equal opportunity and harassment prevention. New employees receive a compressed version of the Discrimination, Harassment and Prevention Response (DHPR) training, including a segment on Affirmative Action, at new employee orientation and are credited for meeting the 3-year NC State University policy requirement for ongoing training.

At NC State, Talent Acquisition in HR ensures that each employee receives a written employment appointment letter outlining the terms and conditions of employment.

**PART A - Program Elements/Section 7:  
Promotions**

Human Resources and OIED leadership determined in the past that "Promotion" as defined in many EEO plans does not fit NC State's definitions for promotions. NC State posts vacancies for all SHRA positions and advertises those through the procedures noted in the "Recruitment" section, including posting all positions on jobs.ncsu.edu website for all applicants, including internal applicants for promotional opportunities. NC State may endorse positions for "internal postings only" where a job group is not targeted for EEO goals for underutilization. This may result in a "promotion" of an employee to a higher classification.

## **PART A - Program Elements/Section 7: Employee Training**

### **Employee Training and Development**

NC State recognizes the evolving training and professional development needs of employees and is committed to providing opportunities to enhance skills, expand levels of knowledge, and explore career paths.

NC State regards employee training as a valuable and essential tool to promote its EEO program, fulfill its program responsibilities and achievement of its EEO goals (selection for hiring, promotion, transfer, etc.) Supervisors are encouraged to develop themselves, but also facilitate professional development, training and educational opportunities for their employees and to be active in helping employees to select development opportunities that will enhance their knowledge, skills, and abilities.

NC State's training and development programs are designed to:

More information can be found in NCSU POL 07.55.07 (Tuition Waivers for Faculty and Staff) and NCSU REG 07.55.08 (Tuition Waiver for Faculty and Staff Procedures).

## **PART A - Program Elements/Section 7: Compensation and Benefits**

### **SHRA Compensation**

SHRA positions with similar duties and responsibilities and competencies are assigned to the same career band and corresponding level and pay range. Employees' salaries are based on relevant training and experience, competencies, labor-market considerations, internal salary equity, and the availability of funds.

HR exercises centralized responsibilities with respect to salaries for new hires, reinstatements, and transfers. HR follows established State of North Carolina pay policies and procedures for SHRA, including following the provisions outlined in **Executive Order #93: Prohibiting the Use of Salary History in the Hiring Process**, as issued by Governor Roy Cooper. This EO prohibits state agencies from requesting salary history from applicants or relying on previously obtained prior salary information in determining an applicant's salary.

Compensation and benefits are determined on an individual basis, and there does not appear to be any evidence of discrimination on the basis of race or gender in this manner at NC State. The university is currently working on the development plan to incorporate a regular salary equity study for all employees.

### **SHRA Benefits**

Permanent, SHRA full-time employees are eligible for the following benefits:

- Leave (annual leave, civil leave, military leave, family illness leave, family medical leave, paid parental leave, sick leave, voluntary shared leave, educational leave, and community service leave)
- Health Insurance
- Contributory Retirement System (Teachers' and State Employees' Retirement System (TSERS), or UNC Optional Retirement Plan (ORP))
- Employee Tuition Waiver
- Death Benefit (TSERS' participants only)
- Optional Insurance Plans (dental insurance, vision insurance, life insurance, supplemental disability income insurance, accidental death and dismemberment insurance, automobile and homeowners insurance, and cancer insurance)
- Disability Income Plan of NC
- Supplemental Retirement
- Voluntary vision, dental, critical illness, life, accidental death, cancer, and home/auto insurance plans
- Health Care Flexible Spending Account
- Dependent Care Flexible Spending Account

## **PART A - Program Elements/Section 7: Performance Management**

### **SHRA Performance Management Program**

The University's annual performance appraisal cycle for SHRA employees is April 1 - March 31 and applies to all SHRA probationary, time-limited and permanent, and career status state employees. The management of employee performance is based on a process of work planning, including identifying and setting individual and institutional goals and feedback, including conducting an annual performance review.

The University of North Carolina System SHRA Performance Appraisal program is designed to:

- Facilitate effective communication between the employee and supervisor;
- Ensure employees have a clear understanding of the performance and behaviors expected of them;
- Establish equitable performance guidelines for appraising employee performance;
- Foster improved performance through increased communication and accountability;
- Document employee performance for reference in making employment decisions;
- Clarify how an employee's individual work contributes to achieving the mission of their work unit and University; and
- Identify and implement opportunities for employee development and discussion of career objectives

In April of 2017, NC State implemented the UNC System Office SHRA Performance Appraisal Policy to align performance management practices among the University of North Carolina System institutions. The SHRA Performance Appraisal Program places emphasis on both institutional goals and individual goals while streamlining the content of the performance plan, standardizing the categories for evaluation, increasing the accuracy and defensibility of performance ratings, and promoting effective communication between employees and supervisors.

Eligible employees are provided a performance plan with individual goals, institutional goals and a development plan. Institutional goals are included in all employee performance plans to provide a common set of performance and behavioral expectations for SHRA employees throughout the University. Instead of ratings being assigned by each job duty, institutional goals are rated across all applicable job duties (for example, a rating for accountability across all job duties, a rating for compliance across all job duties, etc.). Supervisors are also required to set three to five individual goals for each employee. Individual goals are key expectations for each position based on critical business needs that should support the organizational unit's mission, strategic plan and priorities. These are not meant to cover the totality of the work that the employee performs and may change periodically. Job duties may be revised into individual goals where appropriate.

The UNC System Office has five institutional goals, listed below, which appear in the performance plans of every SHRA employee. There is an additional institutional goal for

supervisors regarding their supervisory responsibilities. The supervisor weights each goal at the beginning of the plan year and subsequently rates the employee's overall work product (performance and behavior) using the expectations listed for each of these goals:

- Expertise
- Accountability
- Customer-Oriented
- Team-Oriented
- Compliance & Integrity
- Supervision (SHRA supervisors only)

The supervisor sets an additional three to five individual goals for each employee for the performance cycle. These goals are not meant to address every aspect of the employee's work; instead, they are meant to focus on three to five work assignments that are particularly important for this performance cycle. Individual goals may be critical-function goals that highlight some of the most critical work needs in the employee's position. Most individual goals should be forward- focused or stretch goals. This means that the goals should align with both the work unit's and the University's strategic goals and mission, if possible. Managers and supervisors have accountability for progress of the University's EEO Plan and to ensure that their respective systems are free from bias (including performance standards).

Under the SHRA Performance Appraisal Program, supervisors establish weights for each institutional goal and for each individual goal at the beginning of the performance cycle. Goal weights must be at least 5% for each goal and any weighting changes should occur prior to the annual appraisal. An overall numeric score is calculated for each employee using the sum of the score of all institutional goals (50% of the overall score) plus the sum of the score of all individual goals (50% of the overall score). This numeric score corresponds to an employee's final overall rating, according to the following:

- 2.70 to 3.00 = Exceeding Expectations
- 1.70 to 2.69 = Meeting Expectations
- 1.00 to 1.69 = Not Meeting Expectations

The SHRA Performance Appraisal Program was moved into an electronic format during this past cycle and has optional quarterly checks regarding performance management for off-cycle reviews. It is strongly encouraged for supervisors to meet with each employee periodically to review goals, assess progress and, as necessary, clarify or modify expectations for the performance cycle. There are specific events that will require an off-cycle documented review session to be performed: Interim reviews for eligible employees, quarterly performance reviews for probationary or time-limited employees, transfer reviews and as requested by the employee or supervisor.

It is important to note that performance deficiencies have an impact on an employee's final overall rating. For example, employees who receive any rating of "Not Meeting Expectations" on an institutional goal or on an individual goal or who were issued disciplinary action during the

performance cycle may not receive an overall rating of “Exceeding Expectations,” regardless of the final overall score.

Employees may file a grievance for a final overall rating of “Not Meeting Expectations” on the annual performance appraisal in accordance with the University’s SHRA Employee Grievance Policy. The performance plan, off-cycle reviews, institutional goal ratings, individual goal ratings, and written comments are not grievable.

## **PART A - Program Elements/Section 7: Transfers and/or Separations**

### **SHRA Transfers**

To promote employee career mobility, the University encourages departments to consider internal employees for vacant SHRA positions. Transfer candidates must apply for specific vacancies using the University's online job applicant system (PeopleAdmin). SHRA employees who achieved career status may be entitled to priority considerations for promotions over applicants outside of state government.

The Talent Acquisition unit in HR provides the following transfer assistance:

- availability of job openings and necessary procedures for pursuing specific vacancies;
- application and resume completion assistance; and
- information on University and community training opportunities.

### **SHRA Separations**

The University requests SHRA employees to provide a written notice of resignation at least two (2) weeks in advance of the employee's last day of work. The employee's day of separation is the last day of work. The following are the various types of separations from NC State:

- Voluntary Resignation with Notice
- Voluntary Resignation without Notice, e.g., when an SHRA employee fails to report to work for a period of at least three (3) consecutive workdays without giving verbal or written notice to their supervisor, that employee voluntarily terminates employment.
- Discharge for Cause
- Separation Due to Unavailability When all Leave is Exhausted, (e.g., an employee may be separated from the University if they become or remain unavailable for work after all applicable leave credits and benefits have been exhausted and management, for sufficient reasons, does not grant leave without pay.)
- Reduction in force (RIF)
- Death

### **SHRA Exit Interviews**

The University's Exit Interview Program is designed to elicit information for preserving and promoting positive work environments. The exit interview and the exit questionnaire provide management with a separating employee's perspective of activities within the University and the employee's department. Employees separating from the University are requested to complete an exit questionnaire and/or attend an interview. Interviews with SHRA employees are conducted by HR employees in Employee Relations. The employee, the employee's supervisor, or the departmental personnel representative schedules the exit interview.

The exit interview and the exit questionnaire provide the separating employee an opportunity to recommend changes that might enhance and improve the University's working environment. Upon request, division-level bi-annual reports may be provided to the Deans of Colleges, Vice Chancellors and other unit leaders.

## **PART A - Program Elements/Section 7: Disciplinary Procedures**

### **SHRA Disciplinary Process**

State employees are expected to meet performance standards and conduct themselves appropriately. The University follows the UNC System SHRA Employee Grievance Policy. This policy is intended to provide tools for addressing employee performance and conduct issues in a reliable, consistent and effective manner. Any disciplinary action issued in accordance with this policy must be for just cause. All disciplinary actions are to be administered consistently and equitably without regard to race, color, religion, national origin, ethnicity, sex, pregnancy, gender identification or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability. All disciplinary actions are subject to the approval of the appropriate administrator and the Associate Vice Chancellor for Human Resources who has delegated this responsibility to the Director of Employee Relations. NC State prohibits retaliation against employees and applicants who file complaints or participate in a grievance procedure. NC State reviews and monitors data to identify any trends or patterns related to grievances.

This policy provides employees and management with a process for correcting and improving performance problems and for handling instances of unacceptable personal conduct or grossly inefficient job performance.

Any employee of the University may be warned in writing, demoted, suspended or dismissed for just cause. However, SHRA employees with career status must receive successive discipline as prescribed in this policy. Unsatisfactory job performance, grossly inefficient job performance or unacceptable personal conduct constitute just cause for discipline up to and including dismissal. When just cause exists, the disciplinary actions provided under this policy are:

- written warning;
- suspension without pay;
- demotion; or
- dismissal.

Employees are provided notification in writing of any applicable appeal rights in accordance with the SHRA University Grievance Policy.

## **PART A - Program Elements/Section 7: Grievance Process**

### **Grievance Procedures for SHRA Employees**

The University administration retains authority, as provided by law, to manage and direct its human resources. This includes the determination of workforce size, work assignments, hours of employment, promotion, demotion, transfer, or dismissal. Simultaneously, the University is committed to fair and equitable treatment of all employees. Therefore, the University adheres to The University of North Carolina SHRA Grievance Policy for the fair, orderly, and prompt resolution of work-related grievable issues. This procedure is utilized for the resolution of eligible job-related complaints and grievances.

A current or former career state employee may utilize this procedure to appeal an action alleging the following at the University level only:

- Overall performance rating of less than “meets expectations” or equivalent as defined in the SHRA Performance Appraisal Policy,
- Denial of request to remove inaccurate and misleading information from personnel or applicant file (excludes the contents of a performance appraisal and written disciplinary action), or
- Items covered in the University’s AA/EEO statement which promote inclusion and diversity, but not within the definition of unlawful discrimination, harassment, or retaliation as contained in N.C.Gen.Stat. 126-34.02 (b) (1) and (2).

A probationary or former probationary state employee, or an applicant for University employment (initial hire, promotion, or reemployment) may utilize this procedure to appeal an action alleging the following at the University level only:

- Denial of request to remove inaccurate and misleading information from personnel or applicant file (excludes the contents of a performance appraisal and written disciplinary action), or
- Items covered in the University’s AA/EEO statement which promote inclusion and diversity, but not within the definition of unlawful discrimination, harassment, or retaliation as contained in NCGS 126-34.02 (b) (1) and (2).

The following issues must be grieved first through the University process. If the Grievant is not satisfied with the Final University Decision, the Grievant may appeal to the Office of Administrative Hearings.

A current or former career state employee may first internally file a grievance based on the following actions:

- Dismissal, demotion or suspension without pay for disciplinary reasons without just cause;

- Involuntary non-disciplinary separation due to unavailability;
- All issues listed below which are grievable by a probationary or former probationary employee;
- All issues listed below which are grievable by an applicant for University employment;
- Denial of reemployment or hiring due to denial of reduction-in-force priority as required by law (N.C.Gen. Stat. 126-7.1), or
- Denial of promotional opportunity due to failure to give priority consideration for promotion to a Career State employee as required by law (N.C.Gen. Stat. 126-7.1).

A probationary or former probationary state employee may first internally file a grievance based on the following actions:

- Denial of hiring or promotional opportunity due to failure to post position (unless hiring opportunity is not required to be posted by law);
- Denial of veteran's preference as provided for by law;
- Any retaliatory personnel action for reporting improper government activities ("whistleblower") as contained in N.C. Gen. Stat. 126-84;
- Unlawful discrimination or harassment based on race, religion, color, national origin, sex (including sexual orientation, gender identity and expression, and pregnancy), age (over 40), disability, genetic information, or political affiliation if the employee believes that they have been discriminated against in the terms and conditions of employment, or
- Retaliation against an employee for protesting (objecting to or supporting another person's objection to) unlawful discrimination based on race, color, religion, national origin, sex, age (over 40), disability, genetic information, or political affiliation if the employee believes that they have been retaliated against in the terms and conditions of employment.

An applicant for University employment (initial hire, promotion, or reemployment) may first internally file a grievance based on the following actions:

- Denial of hiring or promotional opportunity due to failure to post position (unless hiring opportunity is not required to be posted by law);
- Denial of veteran's preference as provided for by law;
- Unlawful discrimination or harassment based on race, color, religion, national origin, sex (including sexual orientation, gender identity and expression, and pregnancy), age (over 40), disability, genetic information, or political affiliation, if the applicant believes that he or she has been discriminated against applying for employment, or
- Retaliation for protesting (objecting to or supporting another person's objection to) unlawful discrimination based on race, color, religion, national origin, sex (including sexual orientation, gender identity and expression, and pregnancy), age (over 40), disability, genetic information, or political affiliation if the applicant believes that he or she has been retaliated against in applying for employment.

Employees, whether grievant, witness, or panel member, shall have the right to participate in this procedure free from interference, coercion, restraint, discrimination, retaliation, or reprisal.

## **Informal Resolution Processes**

### **Mediation**

Covered employees may also seek to resolve their employment concerns and other disputes in accordance with NCSU REG 05.35.01 (Mediation Procedure for Faculty and Staff). Mediation is a structured process that allows parties to voluntarily discuss problems and attempt to generate mutually satisfactory resolutions; it differs from the Review and Appeals Processes in that it does not impose a decision on the parties. Mediation can be undertaken anytime the parties wish, regardless of the status of a hearing or legal action.

### **Ombuds Program**

NC State has implemented an ombuds program for both faculty and staff to assist in the resolution of workplace concerns. The program seeks to provide confidential resources to employees who are experiencing challenges in the workplace but are not ready or not interested in pursuing a formal complaint or grievance process at the time. The Ombuds is an independent office from and an independent contractor of the university. The Ombuds does not issue sanctions or make any employment or personnel decisions, but helps the employee to identify necessary resources and to find potential solutions or strategies to address the concerns raised. More information about the Ombuds may be found at: <https://facultyombuds.ncsu.edu/>

**PART A - Program Elements/Section 8:  
Equal Employment Opportunity and Diversity Fundamentals**

The Equal Employment Opportunity and Diversity Fundamentals (EEO/DF), formerly known as Equal Employment Opportunity Institute (EEOI), is the State of North Carolina's designated EEO and diversity training for managers and supervisors.

Managers and supervisors hired, promoted, or appointed on or after July 1, 1991, are required to participate in EEO/DF or another OSHR-approved diversity program within 12 months of assuming the role.

EEO/DF is intended to provide training to executives, managers and supervisors that will assist them in becoming more effective managers and supervisors of an increasingly diverse workforce. The course is intended to increase understanding among managers and supervisors of their roles and responsibilities in managing employees from different backgrounds and cultures, the corresponding federal and state EEO/AA laws, policies, employment practices and techniques complementing EEO/AA.

NC State employees may access the EEO/DF training through the statewide learning management system, the NC Learning Center.

See: <https://ncgov.csod.com/client/ncgov/default.aspx>

New managers and supervisors are required to complete EEO/DF. The EEO/DF consists of both six (6) online asynchronous modules and one face-to-face module. The online modules are offered and accessed through the NC Learning Center. NC State coordinates with the Office of State Human Resources to offer the EEO/DF face-to-face component to NC State's workforce. Additional EEO/DF face-to-face component offerings are available through the NC Learning Center. NC State provided six (6) opportunities for individuals to take EEO/DF between October 1, 2022 and September 30, 2023.

Other diversity, inclusion, and EEO trainings offered by and at NC State can be enrolled in via NC State's online learning management system, called REPORTER, or by contacting OIED.

## **PART A - Program Elements/Section 9: Employment First and Reasonable Accommodation**

### **University Statement**

NC State complies with federal and state laws governing reasonable accommodation for persons with disabilities, including but not limited to the Americans with Disabilities Act (ADA), the ADA Amendments Act of 2008 (ADAAA), and Title VII of the Civil Rights Act, as amended.

### **Reasonable Accommodation in Employment Due to Disability**

NC State commits to making reasonable accommodations to the known physical or mental limitations of qualified individuals with disabilities and qualified disabled veterans, unless such accommodation would impose an undue hardship on the nature or operation of the business. NC State also commits to engaging in an interactive process with the person requesting the accommodation (or their representative), as needed, to determine an appropriate accommodation. Undue hardship will be determined by assessing whether the requested accommodation would cause significant difficulty or expense, as provided for in the Section 503 and Title I of the ADA regulations.

In March 2019, **Executive Order #92 Employment first for North Carolinians with Disabilities** was issued by Governor Roy Cooper. NC State will provide reasonable accommodations for applicants and/or qualified employees with disabilities when doing so will enable them to successfully perform the essential functions of a job or benefit from training. Further, NC State is improving recruitment and outreach to attract qualified individuals with disabilities as noted in previous sections related to “recruitment.”

NC State encourages employees to complete the Voluntary Self-Identification of Disability form located in their employee self-service in the MyPack Portal.

The OIED oversees the reasonable accommodation process for employees and applicants. NCSU REG 05.00.02 Reasonable Accommodations in Employment outlines the requirements and process for requesting a reasonable accommodation in employment for persons with a disability.

### **Pregnancy Workplace Adjustments**

In December 2018, **Executive Order #82 Promoting Health and Wellness by Clarifying Protections Afforded to Pregnant State Employees** was issued by Governor Roy Cooper. This Executive Order required that state agencies extend workplace protections and modifications to pregnant employees upon request, unless doing so would impose significant burdens or costs.

The OIED has created a [Parenting and Pregnancy website](#) related to resources and adjustments available along with information about the request for adjustments. The information is presented during New Employee Orientation as part of the onboarding process.

## **PART A - Program Elements/Section 10: EEO Program Evaluation and Reporting/Monitoring**

### **EEO Program Evaluation**

The Vice Provost for Institutional Equity and Diversity is responsible for reviewing, evaluating and assessing the University's discrimination and harassment prevention and resolution efforts.

### **Audit and Reporting System**

The University has designed and implemented an audit and reporting system that will:

- measure the effectiveness of the University's affirmative action/EEO program;
- indicate any need for remedial action;
- determine the degree to which the University's objectives have been attained; and
- measure the University's compliance with the affirmative action/EEO program specific obligations.

Where the affirmative action/EEO program is found to be deficient, the University will undertake necessary action to bring the program into compliance.

The University regularly assesses the following areas:

- Review of recruitment practices to ensure vacancy announcements are disseminated to a diverse network of job recruiters;
- Hiring and promotion practices are reviewed to ensure decisions are based on job-related abilities using standardized processes;
- Discipline, grievance, compensation, and performance management data are reviewed to evaluate any trends and to ensure that bias is not a factor in decision making;
- Data collected in the exit interview program is regularly analyzed and shared with senior management; and
- Employees are regularly encouraged to file workplace concerns with the appropriate offices (e.g., University Human Resources, OIED, etc.).

### **Responsibility for Implementation**

The Vice Provost for Institutional Equity and Diversity/EEO Officer has been assigned the responsibility for implementation of the University's affirmative action activities and is listed on all internal and external communications regarding the University's affirmative action/EEO program.

The EEO Officer is responsible for making reports to the Chancellor on a regular basis and to the Office of State Human Resources, as requested. These reports will be used to ensure that NC State's EEO Plan is being followed and that equal opportunities exist for employees and applicants.

### **Review of Personnel Processes**

NC State periodically reviews its personnel processes to determine whether its present procedures assure careful, thorough and systematic consideration of the qualifications of known individuals with disabilities and protected veterans. This review covers all procedures related to the filling of job vacancies either by hire or by promotion.

In determining the qualifications of veterans, NC State limits its consideration of a protected veteran military record, including discharge papers if provided by the candidate, to only that portion of the record, which is relevant to the specific job qualifications for which the veteran is being considered.

Based upon NC State's review of its personnel processes, the institution modifies its personnel processes when necessary, and includes the development of new procedures in this Affirmative Action/EEO Program to ensure equal employment opportunity. To date, no modifications have been deemed necessary.

### **Review of Physical and Mental Job Qualification Standards**

The required job qualifications provided in job descriptions are reviewed before any recruitment of an SHRA position begins to ensure that, to the extent that such qualification requirements tend to screen out qualified individuals with disabilities and qualified disabled veterans, job qualifications are consistent with business necessity and the safe performance of the job. NC State will continue to review physical and cognitive job qualification requirements whenever a job is vacated and the intent is to fill the position.

As part of the affirmative action/EEO program review, no qualification requirements were identified that are likely to have an adverse screening effect. All job qualification requirements were found to be job-related and consistent with business necessity and safety.

The university does not use pre-employment physical examinations or medical questionnaires in the hiring process without review and approval by University HR.

If at any time NC State should inquire into an employee's physical or mental condition or should conduct a medical examination, NC State affirms that such inquiries or exams will be conducted in accordance with the Section 503 of the Rehabilitation Act of 1973 and Title I of the Americans with Disabilities Act (ADA) regulations and that information obtained as a result of the inquiry or exam will be kept confidential, except as otherwise provided for in the Section 503 regulations. The results of the examination or inquiry will only be used in accordance with the Section 503 regulations.

**PART A - Program Elements/Section 11:  
Discrimination and Harassment Prevention Strategies**

All employees have the right to work in an environment free from discrimination and harassing conduct. NC State prohibits conduct, as per the Equal Opportunity, Non-Discrimination and Affirmative Action policy (NCSU POL 04.25.05), that falls under the definition of unlawful discrimination or workplace harassment, including sexual harassment, or retaliation, and no employment decision will be made on the basis of race, color, religion, national origin, ethnicity, sex, pregnancy, gender identification or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability.

**Objectives**

The following objectives have been established for unlawful workplace discrimination and harassment prevention. All objectives are on-going with periodic review and include the following:

- provide education and training to current and new employees regarding discrimination and harassment;
- provide procedures for confidential reporting of complaints and inquiries;
- provide procedures for consistent and accurate documentation of complaints and inquiries;
- provide procedures for consistent and confidential informal and formal resolution of complaints including investigations; and
- disseminate unlawful workplace harassment policy and points-of-entry information in publications.

**Strategy #1 - Commitment by NC State to the prohibition of unlawful workplace harassment, sexual harassment, and retaliation as outlined in NCSU POL 04.25.05 - Equal Opportunity, Non Discrimination, and Affirmative Action Policy:**

Any supervisor who witnesses such harassment or is otherwise informed of a violation of this policy is directed to bring this to the immediate attention of the EEO Officer. Failure of a supervisor (or others) with such knowledge to promptly advise the EEO Officer may be grounds for disciplinary action up to and including dismissal.

Any employee found to have harassed another employee in violation of this policy is subject to disciplinary action up to and including dismissal, depending on the severity of the offense.

**Strategy #2 - Training and other methods to prevent harassment actions.**

NC State requires training to all employees, including new employees, managers, and supervisors, describing the university's commitment to an environment free from unlawful discrimination, harassment, and retaliation.

### **Strategy #3 - A process for disseminating information prohibiting unlawful workplace harassment and retaliation to all NC State employees.**

NC State sends out annual notification of policies and procedures regarding unlawful workplace discrimination, harassment and retaliation to all NC State employees. New employees also go through New Employee Orientation where they are presented with the information regarding NC State's policies and procedures for addressing unlawful workplace discrimination, harassment, and retaliation.

#### **Responsibility for Implementation**

##### **University Equal Employment Opportunity Officer**

The Vice Provost for Institutional Equity and Diversity is the University's designated EEO Officer, and is responsible for implementation of policies and procedures on unlawful discrimination and harassment, including prevention and resolution efforts. The Associate Vice Provost for the Equal Opportunity and Equity unit reports to the Vice Provost and facilitates the day-to-day operations of the Equal Opportunity and Equity unit, including monitoring investigations, identifying policy or regulations procedures that need to be addressed, responding to requests for accommodations, ensuring training and other education and prevention methods are developed, delivered and assessed; and monitoring recruitment, employee relations, and dismissal actions are conducted in accordance with EEO law and policies.

##### **Administrators and Supervisors**

The role of all administrators and supervisors is to create and maintain a discrimination and harassment-free work and academic environment for all members of the campus community. Administrators and supervisors are responsible for responding promptly and adequately to complaints of discrimination and harassment and knowing to contact OIED to obtain assistance for resolving concerns.

##### **Employees**

The role of all employees is to create and maintain a harassment-free work and academic environment for all members of the campus community. All employees have the responsibility of understanding and complying with the Equal Opportunity and Non-Discrimination policy and knowing where to obtain assistance for resolving concerns.

##### **Training for Employees**

NC State REG 04.25.06 (Equal Opportunity, Title IX and Non-Discrimination Training for Employees) requires all employees within the University to participate in a training program on preventing and addressing discrimination, harassment and retaliation. In addition, supervisors are required to attend a second training session on supervisory responsibilities related to addressing harassment complaints. Training for university employees is provided by the OIED via New Employee Orientation, open-enrollment sessions, Human Resources' leadership programs, *Management Essentials*, policy and procedure programs (LEAD Certificate Programs and QuickStart), and classes offered through the Inclusive Excellence and Strategic Practice

unit (IESP) of OIED and as requested by specific units. Training is also available to all employees in an electronic format via the online Discrimination and Harassment Prevention and Response (DHPR) training module (<http://oied.ncsu.edu/dhpr-training/>).

OIED-led training for administrators, supervisors, and employees include the following:

- Discrimination and Harassment Prevention and Response (DHPR)
- Fundamentals in Equal Opportunity
- Equal Employment Opportunity & Diversity Fundamentals (EEO/DF)
- Search Committee Training

For the plan year of October 1, 2022, through September 30, 2023, we provided the following:

- Total Search Committee training participants: 1755
- Total DHPR Participants in person and online: 1940
- Total Fundamentals of Equal Opportunity participants: 653
- Total Applied Skills of Equal Opportunity participants: 67
- Total Number of Participants Trained: 4415
- Equal Employment Opportunity & Diversity Fundamentals (EEO/DF)
  - EEO/DF has been offered through the Office of State Human Resources which tracks this data for the current EEO plan year. NC State University has implemented six (6) on-campus training for 2022-2023.

### **Counseling and Employee Support**

Confidential crisis intervention and referral counseling is available through the NC State University's Faculty & Staff Assistance Program (FASAP) that is managed by HR. FASAP is a university-sponsored program that provides support, resources, and information for personal and work-life issues. FASAP is confidential and provided at no charge to employees and their dependents. Additional information is available to employees at <https://er.hr.ncsu.edu/faculty-staff-assistance-program/>

### **OIED Impact Response Team**

NC State University is committed to cultivating a diverse and inclusive community climate that is respectful, understanding and civil. There are, however, times when biased statements, actions and behaviors of community members impact others negatively and/or cause harm. Bias incidents and trends degrade institutional trust, prevent open and honest collaboration and often impede the learning of those involved.

NC State's Impact Response Team (IRT) serves the campus community by offering a system and processes that invite students, faculty and staff to document and proactively address the impacts of bias-related incidents, behaviors, and actions. IRT supports affected individuals and groups, promotes education and dialogue and cultivates a campus climate that is conducive to successful student matriculation and effective faculty and staff development.

Trained IRT advocates consult to determine effective response mechanisms and facilitate challenging conversations using appreciative inquiry, community conferencing and other restoration-focused practices designed to promote cultural competence, idea sharing, greater understanding and a healthy and sustainable campus climate.

IRT does not replace or subordinate any existing processes for reporting and addressing acts of discrimination, harassment, concern or violence. The team does not investigate incidents and will refer them to law enforcement or the appropriate university offices when necessary.

## **PART A - Program Elements/Section 12: Reduction-in-Force Procedures**

### **Reduction-in-Force Policy and Procedure**

The Reduction-in-Force (RIF) procedure for employees subject to the State Human Resources Act (SHRA) provides equitable treatment for the separation of staff employees when reduction-in-force is necessary. The policy applies to full-time and part-time SHRA employees holding permanent or trainee appointments. RIF policies are governed by the Office of State Human Resources (OSHR).

While 25 NC Administrative Code 01C.1004 indicates a State government agency may separate an employee whenever it is necessary due to shortage of funds or work, abolishment of a position, or other material changes in duties or organization, guidance provided by the OSHR defines the scope of this program. In October 2021, the Office of State Human Resources provided revised guidance on the RIF policy.<sup>8</sup> The guiding principles indicate that, consistent with 25 NCAC 01C.1004, NC State has the authority to separate an employee whenever it is necessary due to shortage of funds or work, abolishment of a position, or other material change in duties or organization. NC State complies with the State Human Resources Reduction in Force policy and the Reduction in Force Priority policy.

Temporary employees, probationary employees, or employees with time-limited appointments may be separated from employment without following the RIF procedure.

A reduction-in-force decision is made only after measures including but not limited to the following have been appropriately assessed in an effort to continue the employment of the affected RIF candidate:

- reductions in administrative/programmatic budgets;
- elimination of currently vacant positions;
- separation of probationary, time-limited, student, temporary or contract employees;
- placement in a similar or lower-level position, either within the work unit or elsewhere in the University as appropriate;
- reduction in salary or FTE; not to be reduced below 0.75; or
- restructuring of duties across several positions.

When it is necessary to implement a reduction-in-force due to loss of funding or loss of funding and work, the decision to abolish a position requires a thorough evaluation of funding, the need for particular positions and the relative value of specific skills, knowledge, and abilities of employees so that NC State can provide the highest level of service possible with a reduced workforce. The determining factors regarding the retention or separation of a particular employee includes a review of established criteria including:

---

<sup>8</sup><https://oshr.nc.gov/media/4377/open>

- Appointment type: career status employees must be retained over temporary, probationary and time-limited staff
- Relative efficiency: the employee with the least relative efficiency compared to others in the affected classification group must be selected. Relative efficiency includes but is not limited to the essential and preferred skills for the position, the employee's knowledge, skills and abilities, documented performance results and the existence of any active disciplinary actions
- Total State service: length of service must be considered
- Adverse impact: the University completes an equal opportunity adverse impact analysis

Prior to the actual separation of any employee for purposes of reduction-in-force, the appropriate administrator submits to University HR - Employee Relations, as delegated by the Associate Vice Chancellor for Human Resources, a written plan indicating the position number(s), title(s), name(s) of employee(s) to be separated, the reason for the reduction-in-force, a statement regarding what, if any, alternatives were explored prior to proposing the RIF. University HR conducts an analysis of the proposed reduction-in-force's impact on the department's EEO profile that is reviewed by the University EEO Officer.

University HR will provide institutional review, analysis and endorsement, including assessing if the RIF candidate can be placed in a vacant position within the same job family. If the RIF candidate cannot be placed elsewhere and kept whole as it relates to classification, FTE and salary, the RIF plan and severance documentation will be provided to the UNC System Office and Office of State Human Resources for review and authorization.

When authorized, the appropriate administrator provides the following information, in writing as soon as possible and in any case not less than thirty (30) calendar days, to the employee(s) affected by the RIF.

- the reason for the reduction-in-force;
- the effective date of the reduction-in-force (at least 30 days following notification date);
- direction to contact the Benefits Office to obtain information on benefit options;
- direction to contact HR for information on the following:
  - the University's policy on priority re-employment,
  - the availability of aid in seeking other employment,
  - eligibility to apply for unemployment insurance benefits,
  - the amount of severance pay due (subject to Office of State Budget Management approval), if any;
- the right to appeal the reduction-in-force through the University SHRA Employee Grievance Policy; and
- notification that in order to be advantaged by re-employment processes, the employee must follow the required application procedure.

Pursuant to the State Human Resources Manual, employees with career status (as defined by N.C. Gen. Stat. 126-1.1), who have received official written notification of imminent separation

due to Reduction in Force, are eligible for priority consideration under the provisions outlined in the Manual. An employee shall receive priority consideration for a period of 12 months from the date of the official written notification.

March 1, 2024**

**PART B. DATA ELEMENTS**

**PART B - DATA Elements/Section 1:  
Recognizing the Value of Experience in State Government Hiring**

Effective June 1, 2023, [Executive Order #278 \(Recognizing the value of Experience in State Government Hiring\)](#) was issued by Governor Roy Cooper. This Executive Order directs the NC Office of State Human Resources (OSHR) to create processes to identify job classifications that do not require academic degrees and train agency human resources (HR) personnel on how to properly screen applications to broaden access to career opportunities in state government. This will help agencies address ongoing challenges in recruiting and retaining the skilled workforce essential to ensuring North Carolinians have safe, effective and efficient government programs and services. It will also help agencies continue active recruitment of qualified candidates who can apply directly related knowledge and skills from prior jobs and experiences to positions across state government.

This Order specifically required that state agencies:

- Add the following language to all job postings:
  - “equivalent combination of education and experience.” If that language appears below, then you may qualify through EITHER years of education OR years of directly related experience, OR a combination of both.” (See [oshr.nc.gov/experience-guide](https://oshr.nc.gov/experience-guide) for details).
  - This statement is encouraged to boost the recruitment of qualified candidates to relieve the persistently high rate of vacancies across state government

**PART B - DATA Elements/Section 2:  
Workforce Availability**

Analysis of the availability of the workforce facilitates the determination of whether underutilization of minorities and females exists in any of the EEO categories. If underutilization is determined within a job group, a goal is established.

A Two-Factor Analysis, as defined by the Office of Federal Contract Compliance Programs (OFCCP), is used to determine availability of qualified individuals in the workforce. This method involves the following steps:

1. Determine availability of minorities and females in each occupational category by two established factors: (1) the number of qualified employees from the organization's internal labor force, and (2) the number of qualified persons from the population within the determined reasonable recruitment area;
2. Determine underutilization by comparing actual workforce data to established availability in each occupational category;
3. Determine projected hires based on the projected turnover percentage in each occupational category where underutilization exists;
4. Formulate a set of objectives for the initial reduction and the proposed eventual elimination of this underutilization in each occupational category; and
5. Develop procedures and programs to facilitate the likelihood of achievement of program objectives within the established time frames.

**PART B - DATA Elements/Section 3:  
Occupational Classifications**

Composition of NC State SHRA Job Groups

The employment categories provided for in this EEO Plan are for SHRA Personnel. This plan does not include NC State employees classified as Exempt from the State Personnel Act (EHRA), County Operations Support Staff (COSS) or Law Enforcement.

Job classifications are placed into the groups by similarity of job content. The major categories used in the State of North Carolina include:

1. Officials and Administrators
2. Professionals with academic rank
3. Management Related
4. Professionals
5. Administrative Support
6. Institutional Tech/Paraprofessional
7. Skilled Craft
8. Service/Maintenance Supervisor

Calculations of availability were determined by multiplying data for each factor by a self-assigned value as determined by organizational hiring and promotional practice. The data for each factor was collected from a variety of sources, including:

- 2020 U.S. Census Data
- Division of Employment Security Data
- EEO Detailed Occupations of Civilian Labor Force by Sex & Race for Wake, Durham, Johnston, Chatham, and Orange Counties
- Internal employee data

**PART B - DATA Elements/Section 4:  
Program/Employment Objectives**

NC State University has completed analysis on the required program areas. All data analysis by job group is included in the data section.

Please note the “Plan Summary” information at the beginning of that section. It summarizes our employment information.

Most notably for the purposes of this report is that this analysis has identified several areas where there is underutilization, particularly in the areas of skilled crafts and technicians/paraprofessionals.

Goals have been identified and affirmative steps will be taken to address these areas.

**PART B - DATA Elements/Section 5:  
Attainment of Employment Objectives**

A review of external hires for the prior plan year indicates that selection decisions were made in a non-discriminatory manner.

In this SHRA employee population, there were 18,216 applicants with 704 new employees hired during the period of October 1, 2022, to September 30, 2023. Specifically, there were 3,261 (18%) applicants, 244 (35%) of which were hired, who identified as a racial minority. Additionally, 5,257 (29%) of applicants identified as female, 438 (62%) of whom were hired. The percentage of underrepresented minorities hired was at a rate 17% higher than applicants and female identified applicants were hired at a rate that was 33% higher than those who applied. Additionally, there were 9,360 (51%) of applicants who did not self-identify their race and 9,381 (51%) who did not self-identify their gender in the application process.

Separation data reflects that of the University's 565 voluntary non-retirement separations, 191 (33%) and 336 (59%), were minority- and female-identified employees, respectively.

**PART B - DATA Elements/Section 6:  
Additional Areas of Statistical Evaluation**

In addition to representation data, the inclusion of supplemental statistical data in this EEO Plan will provide a more complete analysis of diversity and fairness within the work-force. Areas of supplemental statistical data include performance management, recruitment and selection, and discipline and dismissal. Note that Hispanic, American Indian or Alaska Native, Asian, Native Hawaiian or Pacific Islanders, and Two or More are combined below, but may be separated in the Workforce Analysis and Job Group Analysis throughout the plan.

**PART B - DATA Elements/Section 7:  
Audit and Reporting**

Applicant tracking, hiring activity, and separation data is monitored by the OIED for equal employment opportunity. Reports are generated regarding the number of applicants, hires, promotions, transfers, and separations in each job group. Analyses are performed to determine whether women or minorities have been adversely impacted in any of these areas. If warranted, appropriate corrective action is determined.

All positions that have been designated for affirmative action based on underutilization are monitored throughout the employment process. Hiring officials are contacted by HR Consultants to relay information regarding targeting of the position, recruitment strategies, and other related policies and processes. Hiring officials who recruit for targeted positions must submit hiring explanations when the selection is not a member of the underutilized group and members of an underutilized group were in the pool of most qualified applicants.

**Equal Employment Opportunity Reports**

There are several analyses that are used to monitor activity in other employment actions. An analysis is prepared on performance appraisals and exit interviews on an annual basis. These analyses are prepared considering the race and sex of each demographic group. Analyses are also performed to identify salary inequities among employees in similar job groups.

**Human Resources Information Management System**

The Human Resources Information Management System (HRIMS; PeopleSoft) maintains current data on all employees of NC State. It supports the information needs of the HR Division, including Benefits and Leave Administration, Learning and Organizational Development, and Employee Relations, and other management functions within the university.

On a continuous basis, data is entered into the systems from several sources to update employee records, including information on new employees, changes in status, terminations, employee benefits, salary adjustments, etc., for faculty and staff. Stored data consists of, but is not limited to, information indicating the individual employee's sex, race, age, veteran status, and disability (if known), University seniority date, employment history (e.g., promotions, transfers, salary adjustments, increases, etc.) and compensation history with the University. The HRIMS is the University's official source of employee data, and the resource from which staff assigned to the OIED extract reports for performing the University's workforce analysis.

The OIED is responsible for developing and preparing the university's affirmative action plan and implementing the affirmative action program; University HR is responsible for providing the workforce and transactional data.

NC State has established and implemented procedures and reporting systems necessary to monitor and audit the institution's affirmative action program on a regular basis. This serves to identify the areas in which the program is not accomplishing the goals set forth and to provide information upon which actions can be taken in order to assure the continued effectiveness of the university's affirmative action program.

The following reports are generated on a routine basis to enable the university to monitor its progress to placement goals, and to ensure and measure the effectiveness of the affirmative action program. The reports are reviewed with management and executive-level administrators on a periodic basis in order to advise them of the program's effectiveness.

**Personnel Data File** — Indicates workforce changes by EEO-6 job category in each academic unit and major division within the organization. The data in this report indicate the number of employees on a school-by-school and division-by-division basis including job group, minority and gender information.

**Annual VETS-4212 Report**— The Department of Labor requires that all federal contractors holding contracts of \$100,000 or more must annually file a VETS-4212 report no later than September 30. Each contractor must disclose:

1. the number of special disabled and Vietnam Era veterans employed, by job category and location during the reporting period;
2. the total number of employees terminated at each location during the reporting period; and
3. the number of special disabled and Vietnam Era veterans terminated at each location for the reporting period.

The UNC Systems Office submits this information to OSHR on behalf of all UNC System constituent institutions, including NC State.

### **Online Employment Application System - PeopleAdmin**

NC State's online employment application system, PeopleAdmin, is a computerized database

maintained by the Division of HR for the purposes of providing information concerning all position vacancies and any associated application and employment activity relative to the hiring process. HR reviews and endorses SHRA employment offers. Through the online employment application system, information is captured to assist the OIED in performing the impact ratio analysis for new hires.

### **Periodic Meetings and Progress Reports**

The Vice Provost for Institutional Equity and Diversity/University Affirmative Action Officer meets periodically with all senior administrators, directors, and deans to discuss concerns and remain informed of the status of equal opportunity/affirmative action related projects and the progress attained within each academic and organizational unit of the University. In addition, meetings are held two to three times during the academic year with Unit Equity Officers to share information, concerns and reports of progress.

### **Annual Report**

Each year, the OIED provides the Executive Vice Chancellor (Provost) with a comprehensive annual report that summarizes both the significant endeavors carried out by the OIED during the previous year as well as the good faith efforts undertaken throughout the University in the past year to implement the University's commitment to equal opportunity/affirmative action. This report provides a succinct presentation of various activities pertaining to the basic functional responsibilities (program development, complaint processing, compliance, training, advocacy, and employment monitoring) of the office.

### **Maintenance of Records**

All records are maintained in accordance with the Federal Privacy Act and the State of North Carolina's Access to Public Records Law and Personnel Records Act. In general, all records dealing with recruitment, hiring, promotion or termination, as well as other documents relating to the institution's compliance with applicable nondiscrimination and affirmative action requirements, are kept for a minimum period of three years.

### **Review of Personnel Policies for Proper Consideration of Qualifications**

NC State complies with the requirements of the OFCCP Uniform Guidelines on Employee Selection Procedures by performing periodic audits of personnel activities and the retention of records if adverse impact of minorities or women is noted. In addition, the university monitors the processes used to refer applicants to managers for hiring consideration to ensure the processes are nondiscriminatory. The recruiting, screening, referral, and selection process must demonstrate a good faith effort to remove identified barriers, expand employment opportunities, and produce results that are measurable.

Compensation policies and practices are periodically reviewed to assess compliance to these respective policies and practices and their consistent administration university-wide.

In each case where a covered employee or applicant is rejected for employment, promotion, or

training, a statement of reason is maintained; and when covered applicants or employees are selected for hire, promotion, or training and any resulting accommodation is undertaken, the accommodation is properly documented.

### **Outreach, Positive Recruitment and External Dissemination of Policy**

NC State has a strong commitment to providing service to local, regional, and national programs seeking to enhance the opportunities for minorities, women, disabled persons, and veterans. Faculty and staff are encouraged to participate in local and state committees, professional associations, and local organizations that are planning or implementing programs to improve opportunities for protected groups.

As an educational institution, NC State is committed to expanding opportunities for groups which have previously had limited opportunities to participate in higher education. A comprehensive program of educational support for disadvantaged students, a support service for re-entry women students, a broad variety of services for disabled and foreign students, and special scholarships for disadvantaged graduate students are examples of the many efforts made by NC State to improve educational opportunities for protected groups. NC State provides additional support for its affirmative action program through campus and community activities designed to raise public awareness of EEO/AA related issues. These activities also lend supplementary assistance to various aspects of the University's affirmative action efforts.

Recruitment advertisements are placed on major electronic job posting sites, in print publications, and through targeted emails in an attempt to reach qualified applicants, including minority and female populations.

NC State participates in a number of special events each year focused on employer outreach to underrepresented groups. Examples include Virtual Military Career Transition Day, NC STRIVE Career Fair, and other military education and outreach events, vocational rehabilitation job fairs and information sessions, and community organizations such as Urban Ministries and Dress for Success. In addition, NC State devotes resources to diversity outreach through hiring of temporary employees as well, as temporary appointments can provide skills and knowledge that aid temporary employees in successfully attaining a permanent position. Auxiliary units such as University Targeted Services, who perform temporary search services for the University, and Executive Search Services, who perform executive search services for the University, participate in diversity outreach in contributing to the diversity of the applicant pools for their respective recruitments.

Recruiting sources, subcontractors, and community organizations and agencies are informed that the University is bound by the Americans with Disabilities Act of 1990 (ADA), ADA Amendments Act of 2008 (ADAAA) by the terms of Sections 503 and 504 of the Rehabilitation Act of 1973, Pub. L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, Pub. L. 93-516, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, as amended 38 U.S.C. 12012, the Vietnam Era Veterans Readjustment Assistance Act of 1972, and by its affirmative action and equal opportunity policy.

The University also includes the equal employment opportunity /affirmative action clause in applicable contracts and subcontracts or it is included by reference and includes an appropriate affirmative action and equal employment opportunity clause in all purchase order forms, leases, contracts, and business agreements.

## **PART B Data Elements/Section 8: Identification and Correction of Issues**

### **Identification**

In determining whether underutilization exists, the University has elected to use the Significant Difference Test. Underutilization is defined as “having fewer minorities or women in a particular job group than what would be reasonably expected by their availability in the relevant job market.” Under this framework, statistical testing allows NC State to determine the likelihood that the difference represents underutilization, rather than a chance occurrence. The statistical test used is the **two standard deviation rule**, where a difference of two standard deviations or greater is considered statistically significant. This method is the preferred method with job groups of 30 or more people, although with very large job groups, even small differences will often exceed two standard deviations. For groups of less than 30 people, the Exact Binomial Test is utilized, in which any group with a score of 0.050 or less is regarded as statistically significant.

In making an in-depth analysis of NC State’s total employment process, particular attention has been paid to those job categories where minority groups and women may face impediments to equal opportunity. In general terms, NC State has continued to make progress in placing minorities and women in various organizational units and job groups. Further analysis has found that minorities and women are not restricted to any particular organizational unit or job group. At present, minorities and women are involved in all major departments and units at the University. However, the statistical analysis of the University's workforce compared with published statistical data indicating the number of available females and minorities in the relevant labor market revealed some challenging areas or underutilization as noted by the **respective Incumbency v. Availability Analysis for each job group**. Job Groups demarcated by “Yes” or where an actual numeric percentage is listed indicate underutilization.

### **Unit Action Plans**

After completing the various analyses, the Vice Provost for Institutional Equity and Diversity meets with each college Dean and other senior executives to discuss (a) the results of the analyses, (b) identification of realistic and attainable goals where appropriate, (c) possible strategies for attaining said goals, and (d) a timeline for reaching said goals.

In turn, each college and major administrative unit is asked to submit a Unit Action Plan outlining over the next several years the number of anticipated vacancies in the unit, specific initiatives and/or outreach efforts that will be undertaken to reach any stated goals, and what specific measures will be used to assess the success of the unit’s efforts to diversify its workforce.

Unit Action Plans include the following components:

- An organizational chart for the unit,
- A copy of the Workforce Analysis by Job Groups for the unit,

- An indication of the time period covered by the Unit Action Plan and a timeline for attaining any stated goals,
- An estimate of the expected number of job vacancies by Job Groups for the period covered by the Plan,
- Numerical affirmative action hiring goals/targets for any and all under-represented designated group members in each occupational group where indicated by the Incumbency v. Availability Analysis,
- A description of the recruitment strategies and other initiatives that will be undertaken by the unit to increase representation of minorities and women,
- Contact information for the Responsible Administrator,
- A description of the measures that will be utilized to assess the progress towards goal attainment, and
- Any alternative sources of published employee availability data.

### **Action-Oriented Programs**

The Vice Provost for Institutional Equity and Diversity directs the activities of the OIED. The OIED monitors NC State's compliance with federal and state nondiscrimination laws, develops and implements the university's equal opportunity and affirmative action plans, and provides education and training to the campus community.

A commitment to equal opportunity dictates that the University focuses its efforts on ensuring that all members of its community enjoy fair competition for jobs, a quality education and equal access to the university's resources. Equal opportunity and affirmative action activities foster diversity and increase the satisfaction of faculty, staff, and students at NC State. The OIED, in conjunction with efforts by units such as Human Resources, is a key unit in helping to achieve the university goal of creating a campus environment where a culture of inclusiveness and diversity of people and programs dominates. Effectively managing a diverse work force ensures that under-represented groups (people of color and women) who were recruited through affirmative action are retained, thus saving the university additional recruitment and training costs.

NC State has instituted action programs to eliminate identified problem areas and to help achieve specific affirmative action goals. Because of the large and diverse structure of NC State, it is unmanageable to give a full accounting of all such activities. Following is a listing of those activities that have had the greatest impact and is intended to document program highlights and major new accomplishments; it is not inclusive of all OIED activities over the course of the past year.

### **Inclusive Excellence Certificate**

Last year was the inaugural year for the Inclusive Excellence Certificate (IE). The IE Certificate program 269 participants complete the program by attending four workshops throughout the year, including additional debrief sessions at no cost to the participant. These workshops include Understanding Unconscious Bias, Fundamentals of Equal Opportunity, the Macro of Microaggressions, and Applied Cultural Identity.

### **New Employee Orientation**

All new employees attended unlawful workplace harassment training during new employee orientation at a program entitled “Discrimination and Harassment Prevention and Response (DHPR).” In addition to new employees, all employees may take this class. This past year, 1697 participants completed this training.

### **Equal Employment Opportunity Advisory Committee (EEOAC)**

The Equal Employment Opportunity Advisory Committee (EEOAC) is primarily comprised of OIED and Unit Equity Officers and is, an essential component of the university’s results-oriented affirmative action program, serves to provide insight and feedback to OIED in its efforts to eliminate any artificial barriers that may exist for qualified individuals seeking employment or promotional opportunities at NC State.

The EEOAC membership represents the diverse demographic and occupational groups within the University’s faculty and staff workforce. The committee is primarily comprised of Unit Equity Officers and OIED staff. The committee meets two to three times a semester and is charged with (1) providing recommendations regarding policies, procedures and programs of the university as they relate to equal opportunity areas, (2) advising the Vice Provost for Institutional Equity and Diversity on administrative measures to improve the university’s performance in these areas, and (3) creating awareness of equal opportunity issues by serving as a vital communication link to the campus community.

### **Search Committee Orientations**

Ongoing training of search committee chairs and hiring authorities on best practices for ensuring fair and equitable searches and hiring is provided. All hiring authorities are encouraged to be as inclusive as possible with their outreach and advertisement to diverse communities and in selecting the members of the search committee.

- Total Number of Participants Trained: 1755

### **Recruiting Diverse Faculty**

NC State’s Recruiting Diverse Faculty (RDF) program began in 2015. This program aims to build a framework for conversation within departments about diversifying the NC State faculty. The RDF protocol puts a focus on diversity throughout the search process. One component of the program is an orientation for faculty search committees that gives an overview of equal opportunity and legal considerations in the search process, ways to increase diversity in the

pool of applicants, and a discussion of the academic reasons for focusing on faculty diversity. The second component focuses on developing criteria for evaluating candidates, the evaluation process, and the literature on the effects of unconscious bias in hiring decisions. The session allows time for discussions about the experiences that participants have had with faculty searches. Department heads participating in the RDF program are asked to include a focus on diversity throughout the search process and to give feedback on the outcomes of their search process periodically.

### **Review of Personnel Processes**

NC State periodically reviews its personnel processes to determine whether its present procedures assure careful, thorough and systematic consideration of the qualifications of known individuals with disabilities and protected veterans. This review covers all procedures related to the filling of job vacancies either by hire or by promotion.

In determining the qualifications of veterans, NC State limits its consideration of a protected veteran military record, including discharge papers if provided by the candidate, to only that portion of the record, which is relevant to the specific job qualifications for which the veteran is being considered.

Based upon NC State's review of its personnel processes, the institution modifies its personnel processes when necessary, and includes the development of new procedures in this Affirmative Action Program to ensure equal employment opportunity. To date, no modifications have been necessary.

### **Review of Physical and Mental Job Qualification Standards**

The required job qualifications provided in job descriptions are reviewed each time prior to posting a new job action to ensure that, to the extent that such qualification requirements tend to screen out qualified individuals with disabilities and qualified disabled veterans, job qualifications are consistent with business necessity and the safe performance of the job.

No qualification requirements were identified that are likely to have an adverse screening effect. All job qualification requirements were found to be job-related and consistent with business necessity and safety.

NC State will continue to review physical and cognitive job qualification requirements whenever a job is vacated and the intent is to fill the position.

The university does not use pre-employment physical examinations or medical questionnaires in the hiring process.

In the Statistical Value section, standard deviations of 1.96 or greater are generally regarded as statistically significant. For groups with fewer than 30 employees, the Exact Binomial Test is used and scores are marked with "E". "E" scores of 0.050 or less are generally regarded as statistically significant.

W - Whole Person Rule

A placement goal is set when employment is less than availability by at least one whole person.

## Organizational Profile

### 41 C.F.R. 60-2.11

As one of the diagnostic components of North Carolina State University's AAP, and to conform to applicable regulations, the university has completed a profile of the workforce at the Masterplan establishment. The organizational profile is an overview of the staffing patterns at this establishment, and is used to determine whether there are areas in the workforce where individuals are underrepresented or concentrated by gender or race. To complete our organizational profile we have elected to follow the Workforce Analysis methodology.

The following charts set forth our Workforce Analysis. The analysis identifies the departments at the Masterplan establishment and for each department lists all job titles from lowest to highest paid. For each job title, we provide the following data: the total number of incumbents, the total number of male and female incumbents, and the total number of male and female incumbents by racial/ethnic group.

For the purposes of the workforce availability analysis, the following race/ethnicity categories will be used:

- **White** (Non-Hispanic or Latino) – All persons having origins in any of the original peoples of Europe, North Africa or the Middle East.
- **Black or African American** (Non-Hispanic or Latino) – A person having origins in any of the Black racial groups of Africa.
- **Hispanic or Latino** – A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin regardless of race.
- **Asian** (Non-Hispanic or Latino) – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- **American Indian or Alaska Native** (Non-Hispanic or Latino) – A person having origins in any of the original peoples of North and South America (including Central America), and who maintain tribal affiliation or community attachment.

## **Job Group Analysis**

### **41 C.F.R. 60-2.12**

As the second diagnostic component of our AAP we have conducted a job group analysis. The job group analysis is the first step in comparing the representation of minorities and women in the workforce covered by this AAP with the estimate of the available qualified minorities and women who could be employed by North Carolina State University in positions covered by this AAP.

In designing our job groups we considered similarities of duties and opportunities.

Although not a determinative factor in designing job groups, we also attempted to create job groups large enough to conduct appropriate analysis.

The following charts identify the job groups created for this AAP, the job titles that comprise each job group, and the percentage of minority incumbents and the percentage of female incumbents in each job group.

## Availability Analysis

### 41 C.F.R. 60-2.14

The availability analysis is a part of the Incumbency vs. Estimated Availability Analysis - the final diagnostic component of this AAP. The purpose of the availability analysis is to establish a benchmark against which the demographic composition of the university's workforce may be compared to determine whether barriers to equal employment opportunity may exist within particular job groups.

Pursuant to applicable regulations, the availability analysis for each job group examines two potential areas of availability: individuals with the requisite skills outside the establishment (external availability) and those within the establishment who are promotable, transferable, and/or trainable (internal availability). In determining availability, we have selected our reasonable recruitment area and our pool of promotable, transferable, and trainable employees in such a way as not to exclude qualified minorities and women. Moreover, when determining external availability we have used as our source of data the most current and discrete statistical information available. For this availability analysis, we have used the EEO 2014-2018 ACS Tabulation Data American Community Survey data. Finally, where a job group is composed of different job titles that carry different availability rates, we calculated a composite availability figure. We arrived at the composite availability figure by determining the proportion of the job group incumbents employed in each job title, weighting the availability for each job title by the proportion of incumbents employed in that title, and adding together the weighted availability estimates.

A brief written rationale for the selection of the recruitment areas and internal pools by job group follows:

**Comparison of Incumbency vs. Estimated Availability**  
**41 C.F.R. 60-2.15**

North Carolina State University has compared the representation of minorities and women in each job group with their representation among those identified in the availability analysis as available for employment in the job group. Where actual representation was less than the calculated availability, the university determined whether the difference was greater than could reasonably be expected. The comparison of availability with actual representation follows:

W - Whole Person Rule

A placement goal is set when employment is less than availability by at least one whole person.

Yellow shading indicates placement goals, red shading indicates areas that require more focus.

In the Statistical Value section, standard deviations of 1.96 or greater are generally regarded as statistically significant. For groups with fewer than 30 employees, the Exact Binomial Test is used and scores are marked with "E". "E" scores of 0.050 or less are generally regarded as statistically significant.

## **Placement Goals**

### **41 C.F.R. 60-2.16**

As required by applicable regulations, North Carolina State University has established placement goals where the actual representation of women or minorities in a job group is less than would be reasonably expected based on calculated availability.

In establishing placement goals, we applied the following principles:

- When the percentage of minorities or women employed in a particular job group is less than would reasonably be expected, given their availability percentage in that job group, the university established a percentage annual placement goal at least equal to the availability figure derived for women or minorities, as appropriate, for that job group.
- Placement goals are not quotas that must be met, nor are they to be considered as either a ceiling or a floor for the employment of particular groups.
- In all employment decisions, the university makes selections in a nondiscriminatory manner.
- Placement goals do not provide a justification to extend a preference to any individual, select an individual, or adversely affect an individual's employment status, on the basis of that individual's sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or other characteristic protected by law.
- Placement goals do not create set-asides for specific groups, nor are they intended to achieve proportional representation or equal results.
- Placement goals are not used to supersede merit selection principles, nor do these placement goals require the university to hire a person who lacks qualifications to perform the job successfully or hire a less qualified person in preference to a more qualified one.

As is described in more detail in the Action Oriented Program section of this AAP, where a placement goal is set, the university will develop action oriented steps to increase the recruitment and training of minorities or women, or both.

## **Identification of Problem Areas by Organizational Unit and Job Group 41 C.F.R. 60-2.17(b)**

We have conducted analyses of our total employment process, including evaluating the workforce by organizational unit and job group, personnel activity, compensation systems, and other personnel procedures to determine whether and where impediments to equal employment opportunity exist.

### **Workforce Utilization Analysis**

Our analysis identified 7 of 26 SHRA job groups where underutilization of the current workforce compared to qualified individuals by race was identified, 4 of 26 groups of underutilization by sex was identified, and 4 of 26 groups of underutilization by both race and sex.

For the job groups where underutilization is identified, we will work with units to take affirmative steps to address the underutilization and monitor hiring and placement goals for the upcoming plan year.

- a. 7 job groups with Placement Goals **by race only**
  - i. 7 of 11 where underutilization by race alone was identified, 4 listed below are at a level that is statistically significant.

### **Analysis of Progress Towards Prior Years Goals**

In establishing placement goals, the following principles apply:

- When the percentage of minorities or women employed in a particular job group is less than would reasonably be expected given their availability percentage in that job group, the university has established an annual percentage placement goal at least equal to the availability figure derived for women or minorities, as appropriate for that job group.
- Placement goals are not quotas that must be met, nor are they to be considered as either a ceiling or a floor for the employment of particular groups.
- In all employment decisions, the university makes selections in a nondiscriminatory manner. Placement goals do not provide a justification to extend a preference to any individual, select an individual, or adversely affect an individual's employment status, on the basis of the individual's race, color, religion, national origin, ethnicity, sex, pregnancy, gender identification or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability or any other characteristic protected by law.
- Placement goals do not create set-asides for specific groups, nor are they intended to achieve proportional representation or equal results.
- Placement goals are not used to supersede specific groups, nor are they intended to achieve proportional representation or equal results.
- Placement goals are not used to supersede merit selection principles, nor do these placement goals require the university to hire a person who lacks qualifications to perform the job successfully or hire a less qualified person in preference to a more qualified one.

A review of progress and goal attainment by job group for the period from October 1, 2022 to September 30, 2023 reveals the following:

## Hires

The Human Resources Department develops all procedures and all hiring at the university is conducted on the basis of nondiscriminatory criteria. Specifically, the following criteria and procedures have resulted in hiring decision that are free of discrimination:

- Job descriptions have been reviewed and revised to make sure duties are accurately described, that the experience and education requirements are job related, and that all incumbents meet minimum job requirements. Job titles have and will continue to be written without regard to race, color, religion, national origin, ethnicity, sex, pregnancy, gender identification or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability, or any other characteristic protected by law.
- Application forms have been reviewed to ensure all requested information is job related, and the forms comply with all applicable laws. In addition, all forms state the university is an Equal Opportunity/Affirmative Action Employer.
- North Carolina State University representatives who are involved in the selection process have been briefed on the university's obligations.
- Where applicable, tests have been reviewed and are administered and conducted in a nondiscriminatory manner.
- All employees are encouraged to refer qualified applicants to the university for employment. In addition, the university has formal recruitment procedures to apprise minority and women's groups, educational institutions, and other referral sources of openings.
- Placing an applicant in a specific job in a department is the responsibility of management. Hiring decisions are based on the applicant's knowledge, skills, abilities, and any other job-related criteria.

A review of external hires for the prior plan year indicates that selection decisions were made in an nondiscriminatory manner. There were 704 new employees hired during the period of October 1, 2022 to September 30, 2023 including 244 minorities at 35% and 438 women at 62%.

## Compensation Systems

As part of its affirmative action obligations, the university has reviewed its compensation systems to determine whether those systems are being administered without regard to an individual's sex, race, ethnicity, or other characteristics protected by law. Our analysis did not identify any significant problem areas. If the university discovers significant compensation system differences between individuals who are similarly situated, it will determine whether they are the result of legitimate, nondiscriminatory factors.

## Terminations

The university has evaluated its termination practices to determine whether there are disparities on the basis of sex, race or ethnicity. When terminations or reductions in force are necessary, the university makes its decisions without regard to race, color, religion, national origin, ethnicity, sex, pregnancy, gender identification or expression, sexual orientation, age (40 or older), political affiliation, National Guard or veteran status, genetic information, or disability or any other characteristic protected by law.
